potential abuse. Empowering
safety and fair treatment

00:03:26.550 --> 00:03:28.389

The airport in orange county was

has left behind, and ethan, john

00:08:26.662 --> 00:08:28.662
wayne's son is here today, and

00:08:30.165 --> 00:08:32.165

00:08:36.905 --> 00:08:38.873
>>speaker: thank you supervisor
steel and all of the board of

00:08:42.100 --> 00:08:44.100
supervisors for remembering my

00:08:46.515 --> 00:08:48.515
father. He was born a young man

00:08:50.219 --> 00:08:52.219
in iowa, his family traveled to

00:09:01.431 --> 00:09:03.432
no start a farming business, he
transferred to glendale high

00:09:05.268 --> 00:09:07.903

debate ran the school newspaper,

00:09:10.306 --> 00:09:12.306
was in the drama club and played

00:09:12.441 --> 00:09:14.441
this upand coming game of

00:09:15.778 --> 00:09:17.778
football. He was a hard worker.

00:09:18.480 --> 00:09:20.480
He loved southern california, at

00:09:22.850 --> 00:09:24.252
some point in high school he
started visiting orange county

00:09:24.754 --> 00:09:27.550
and it became one of his
favorite places and it wasn't

00:09:28.900 --> 00:09:30.659
until around the time I was born
in the early 60s that he was

00:09:32.695 --> 00:09:34.695
able to leave los angeles and

00:09:37.968 --> 00:09:39.968
move down here and make it his

00:09:41.405 --> 00:09:43.405
full time residence he also

00:09:43.440 --> 00:09:45.440
bought a boat and put it down

00:09:47.567 --> 00:09:49.811
here in the harbor, it was a
place in his time in his life

00:09:50.714 --> 00:09:53.616
that he really enjoyed. Living
down here was special for him,

00:09:54.585 --> 00:09:56.585
the community embraced him, they

00:09:56.687 --> 00:09:58.687
gave him some space, he could go

00:09:59.550 --> 00:10:01.550
to the market, he could go to

00:10:01.758 --> 00:10:03.758
the store. He didn't have body

00:10:04.127 --> 00:10:06.529
guards, he answered the door he
answered the phone, he was

00:10:07.163 --> 00:10:09.163
relaxed and happy here, and so

00:10:09.966 --> 00:10:11.966
for being his son, it warms my

00:10:12.136 --> 00:10:14.237
heart and makes me feel proud
that the supervisors still

00:10:15.720 --> 00:10:17.574
remember him. He still
contributes to the community, we

00:10:20.440 --> 00:10:22.440
have our family business here,

00:10:23.681 --> 00:10:25.681
john wayne enterprises and also

00:10:30.888 --> 00:10:32.888
the john wayne cancer foundation

00:10:33.240 --> 00:10:35.240
which does work in santa monica

00:10:41.899 --> 00:10:43.899
and we treat noninvasive,

00:10:46.404 --> 00:10:49.106
melanoma, breast, gi, we are out
around the country in major

00:10:49.574 --> 00:10:51.574
medical constitutions as chief

00:10:52.176 --> 00:10:54.176
of science, head of surgery

00:10:55.120 --> 00:10:57.120
departments, their contributions

00:10:59.350 --> 00:11:01.350
to society are, it would be

00:11:01.486 --> 00:11:03.486
difficult to specify how great

00:11:03.822 --> 00:11:05.822
they are, also if you have heard

00:11:08.126 --> 00:11:10.126
of immunotherapy, or vaccine

00:11:11.863 --> 00:11:13.863
therapy for cancers all of that

00:11:15.300 --> 00:11:17.300
started with john wayne years

00:11:17.535 --> 00:11:19.535
ago. He contributes a lot to

00:11:19.571 --> 00:11:22.173
society today and I would like
to thank the supervisors for

00:11:23.475 --> 00:11:25.475
allowing me to come out, I would

00:11:26.345 --> 00:11:28.412
much rather be here than in new
york city. So thank you very

00:11:35.200 --> 00:11:37.200

much for the recognition.

00:11:47.533 --> 00:11:49.533
[Applause]

00:11:52.404 --> 00:11:55.720
>>speaker: thank you.
Appreciate it.

00:11:55.608 --> 00:11:57.608
>>sup. Andrew do, chair: that

00:12:01.614 --> 00:12:04.549
ends the presentation portion of
our meeting we will start the

00:12:06.719 --> 00:12:08.719
regular meeting at 9:30 thank

00:12:24.700 --> 00:12:26.700
you.

00:21:38.802 --> 00:21:40.802
>>sup. Andrew do, chair: good

00:21:42.720 --> 00:21:44.720
morning. Welcome to the meeting

00:21:46.476 --> 00:21:48.476
for June 5, 2018. We will begin

00:21:48.478 --> 00:21:50.478
with the invocation to be lead

00:21:53.351 --> 00:21:54.984
by supervisor spitzer. And the
pledge of allegiance by

00:21:56.721 --> 00:21:58.688
supervisor --
>>sup. Todd spitzer: good

00:21:59.256 --> 00:22:01.256
morning. Lord watch over our

00:22:02.693 --> 00:22:04.693
citizens today. Today is

00:22:06.965 --> 00:22:08.965
important to exercise our civic

00:22:12.537 --> 00:22:14.537
duty. We just had memorial day,

00:22:15.706 --> 00:22:17.706
and our rights, our right to

00:22:18.909 --> 00:22:20.909
vote and choose our leaders, we

00:22:22.480 --> 00:22:24.480
live in a democracy, we live in

00:22:29.200 --> 00:22:31.200
a public and today is our right

00:22:36.294 --> 00:22:38.280
to exercise those rights. Amen.
>>sup. Shawn nelson, vice chair:

00:22:39.300 --> 00:22:40.764
please join me in the pledge of
allegiance to the flag.

00:22:53.678 --> 00:22:56.130
[Pledge of allegiance recited]
>>sup. Andrew do, chair: good

00:22:57.480 --> 00:22:59.480
morning, again. I just want to

00:22:59.785 --> 00:23:01.785
take a couple of moments to

00:23:02.588 --> 00:23:04.588
reflect on the invocation by

00:23:07.626 --> 00:23:09.626
supervisor spitzer. This is one

00:23:09.795 --> 00:23:12.290
of the most sacred rights that
we have as americans is the

00:23:12.898 --> 00:23:14.898
right to vote. And we should

00:23:15.867 --> 00:23:17.867
never take our form of

00:23:19.572 --> 00:23:22.340
government for granted. Many
governments around the world

00:23:23.476 --> 00:23:25.476
exist under the name of

00:23:25.678 --> 00:23:28.446
democracy but they are nothing
more than sham democracies, when

00:23:30.582 --> 00:23:32.582
you have countries that install

00:23:35.880 --> 00:23:37.880
systems of election where you

00:23:37.357 --> 00:23:39.357
have lifetime precedence where

00:23:47.366 --> 00:23:50.201
you have unchallenged en
incumbent

00:23:52.872 --> 00:23:55.707
incumbents, those are dictator
ships. As an american citizen

00:23:56.576 --> 00:23:58.576
who came from another country

00:24:00.313 --> 00:24:03.115
and became naturalized, this is
a great system and we should

00:24:05.751 --> 00:24:08.320
give back in any way, and any
form in any capacity we have.

00:24:11.658 --> 00:24:13.827
And with they want to thank
supervisor spitzer and

00:24:13.827 --> 00:24:16.262
supervisor nelson for the
invocation and the pledge of

00:24:18.798 --> 00:24:20.798
allegiance. A couple of

00:24:25.538 --> 00:24:27.239
reminders for today's
doors are alarmed and are for

00:24:32.146 --> 00:24:34.214
emergency exit only.
Please set all phones to mute or
vibrate at this time and for the

00:24:34.214 --> 00:24:36.316
duration of the meeting.
Agenda along with agendas and
request to speak forms are

00:24:36.316 --> 00:24:38.316
located on both sides and at the

00:24:43.657 --> 00:24:45.793
back of the room.
The board will be breaking for
lunch around the noon hour

00:24:45.793 --> 00:24:47.793
during which time we will also

00:24:48.396 --> 00:24:50.396
recess into closed

00:24:53.334 --> 00:24:55.536
recess into closed session.
Description of each item to be
considered. Except as otherwise

00:24:55.536 --> 00:24:57.170
provided by law, no action shall
be taken on any item not

00:25:12.987 --> 00:25:15.156
appearing in today's agenda.
Sections. All matters on the
consent calendar are approved by

00:25:15.156 --> 00:25:17.323
one motion unless a board member
requests separate action on a

specific item.

00:25:35.509 --> 00:25:37.946

The clerk to identify any
changes to the agenda today,
Madam Clerk?

>>clerk of the board, robin

00:25:37.946 --> 00:25:39.680

stieler: on the consent
calendar item one has been

00:25:41.183 --> 00:25:43.183

continued to June 26th 20189:30

00:25:46.655 --> 00:25:48.655

aim and on the discussion

00:25:49.924 --> 00:25:51.924

calendar and item 28 has been

00:25:56.699 --> 00:25:58.699

continued to June 26th, 2018,

00:25:59.168 --> 00:26:01.168

changes to the recommended

00:26:03.605 --> 00:26:05.605

actions for items 17, 18, and 28

00:26:06.908 --> 00:26:08.908

and the public wishes to pull

00:26:09.978 --> 00:26:12.213

item two from the consent
calendar.

>>sup. Andrew do, chair: the

00:26:17.152 --> 00:26:19.152

public wishes to pull two.

00:26:21.724 --> 00:26:23.724

>>sup. Lisa a. Bartlett: move

00:26:29.165 --> 00:26:31.267

the item.

Services (Ihss) Advisory
committee-reappoint shawn r.

00:26:31.267 --> 00:26:33.268

Stewart, orange, for term ending
6/4/22.

00:26:34.937 --> 00:26:36.937

We have three speakers,

00:26:37.507 --> 00:26:39.507

brigitte, elliot seglund, and

00:26:52.689 --> 00:26:55.424

robert seglund.

>>speaker: 51 years ago israel

00:26:56.792 --> 00:26:59.695

started a six day war with three

nations and one that warrants

00:27:00.429 --> 00:27:02.429
six days I'm not here to talk

00:27:03.990 --> 00:27:05.990
about that I'm here to talk

00:27:12.342 --> 00:27:14.342
about whether todd spitzer, this

00:27:15.478 --> 00:27:18.113
agenda's moving party's track
record. I'll make my comments

00:27:19.582 --> 00:27:21.582
under these two words, cas as

00:27:22.486 --> 00:27:24.486
bell I that's when you use an

00:27:25.189 --> 00:27:27.857
event to start a war, there are
variations of that, you start a

00:27:34.197 --> 00:27:36.197
fire and you put it out.

00:27:36.333 --> 00:27:38.333
Elliott, oh, he's in the

00:27:38.902 --> 00:27:40.902
business of his son. Let's go

00:27:42.907 --> 00:27:44.907
back to when spitzer was in the

00:27:45.810 --> 00:27:47.810
district's attorney's office, he

00:27:47.945 --> 00:27:49.945
looked under the hood of the

00:27:52.783 --> 00:27:55.118
states he got an app on a
roadmap, five years later

00:27:59.357 --> 00:28:01.357
supervisor spitzer is a

00:28:02.160 --> 00:28:05.280
supervisor, did he use that
power to sdmantle that business

00:28:05.763 --> 00:28:08.398
he gives one and a half million
to continue to perpetrate that.

00:28:10.340 --> 00:28:12.902
that was when he became a
Chairman, the second other point

00:28:15.740 --> 00:28:17.740
he puts crony book county, five

00:28:19.944 --> 00:28:21.944
years later he turns a blind eye

00:28:22.247 --> 00:28:24.247
to that then after that the

00:28:24.949 --> 00:28:26.949
state removes the internal

00:28:29.120 --> 00:28:31.120
auditor. Internal auditor has

00:28:33.492 --> 00:28:35.492
never been removed. His

00:28:35.761 --> 00:28:37.761
appointment has been removed

00:28:39.764 --> 00:28:41.764
because he is a duplication, the

00:28:44.169 --> 00:28:47.370
ethics commission was under his
chairmanship it started with a

00:28:47.672 --> 00:28:49.672
da getting a complaint that's

00:28:50.676 --> 00:28:52.676
who started this commission and

00:28:53.178 --> 00:28:55.446
who does he appoint to start the
commission, the district

00:28:56.682 --> 00:28:58.682
attorney. Give me a blanken

00:28:59.685 --> 00:29:01.685
break, this nonsense, his

00:29:02.921 --> 00:29:05.489
appointment powers speak for
themselves. Dr. -- gets removed

00:29:10.596 --> 00:29:12.596
by state bill he puts the da in

00:29:13.666 --> 00:29:15.967
charge, he gives hush money for
real estate fraud and we're

00:29:17.536 --> 00:29:19.605
supposed to trust him as the
highest prosecutor in orange

00:29:19.605 --> 00:29:21.605
county representing the people

00:29:24.777 --> 00:29:26.777
of california I say one word to

00:29:32.785 --> 00:29:34.785
this supervisor, public

00:29:37.223 --> 00:29:39.223
disgrace arising from shameful

00:29:40.626 --> 00:29:42.626
conduct. He has failed victims

00:29:44.497 --> 00:29:46.497
and made orange county much less

00:29:47.801 --> 00:29:49.801
safe his actions speak for

00:29:50.103 --> 00:29:52.103
themselves. He puts crony above

00:29:52.372 --> 00:29:54.372
the county and he does it in a

00:29:54.841 --> 00:29:56.841
pattern repeatedly.

00:29:58.440 --> 00:30:00.440
Other than that, he's doing a

00:30:02.616 --> 00:30:04.618
good job.
[Laughter]

00:30:04.618 --> 00:30:06.619
>>sup. Andrew do, chair:
Mr. Seglund before you start I

00:30:08.121 --> 00:30:10.121
hope your comments will relate

00:30:10.457 --> 00:30:12.524
in some way to the appointment
of shawn stewart.

00:30:14.861 --> 00:30:16.995
>>speaker: I feel very firmly,
that everything what I prepare

00:30:18.465 --> 00:30:21.401
related to the topics. Good
morning honorable Chairman Do

00:30:22.202 --> 00:30:24.202
and the board of supervisors, my

00:30:25.973 --> 00:30:27.740
name is elliott seglund I am
coming to the board of

00:30:29.543 --> 00:30:31.543
supervisors for six years to

00:30:33.413 --> 00:30:35.413
plead for your son nate's life

00:30:36.284 --> 00:30:38.284
and the disabled. In regarding

00:30:38.686 --> 00:30:40.686
to agenda item two and the

00:30:41.422 --> 00:30:43.422
appointment of shawn stewart of

00:30:43.824 --> 00:30:45.824
the committee of appointment to

00:30:48.595 --> 00:30:50.595
in-home services, let it be

00:30:51.933 --> 00:30:53.933
known that shawn stewart stated

00:30:55.937 --> 00:30:58.838
as the advocates of disabled and
receiving in-home support

00:31:00.740 --> 00:31:02.442
services for six years,
committed of how important this

00:31:04.312 --> 00:31:06.312
program for disabled and elderly

00:31:07.582 --> 00:31:09.582
to remain safely in their

00:31:13.455 --> 00:31:16.190
family, and their homes. Shawn
stewart knows the difference

00:31:16.658 --> 00:31:18.658
between living with his family

00:31:24.265 --> 00:31:26.799
and living in fear in inpatient
patient

00:31:27.536 --> 00:31:29.536
facilities to die. A passion

00:31:30.500 --> 00:31:32.500
for life in in-home supportive

00:31:33.442 --> 00:31:35.442
programs and value to the public

00:31:38.130 --> 00:31:40.130
safety, the long standing

00:31:41.349 --> 00:31:44.251
supervisor, as a recent set of
board of supervisors, supervisor

00:31:45.421 --> 00:31:47.421
shawn nelson, longer than the

00:31:57.650 --> 00:31:59.650
rest of, uh, pleading, and for

00:32:06.175 --> 00:32:08.175
my family, funding for the

00:32:10.846 --> 00:32:12.846
money. For 125 times, for six

00:32:13.415 --> 00:32:15.415
years, as a father of the three

00:32:17.686 --> 00:32:19.686
children, I expect him, and the

00:32:21.190 --> 00:32:23.190
board of supervisors to feel

00:32:26.562 --> 00:32:28.930
what would the supervisor do if
their children would be

00:32:30.233 --> 00:32:32.233
separated from their families,

00:32:36.720 --> 00:32:38.720
isolation, torture, neglect,

00:32:40.644 --> 00:32:42.644
abuse, poisoning, using

00:32:42.879 --> 00:32:44.879
experiments and extermination,

00:32:45.140 --> 00:32:47.140
for public profiteering and

00:32:49.180 --> 00:32:51.180
budget. In a recent report the

00:32:54.792 --> 00:32:57.693
grand jury blames the county for
lack of leadership, where there

00:33:01.264 --> 00:33:03.264
is well

00:33:04.701 --> 00:33:07.690
will, there is a way. Thank
you.

>>speaker: good morning board

00:33:07.671 --> 00:33:09.671
of supervisors, robert seglund

00:33:10.390 --> 00:33:12.575
brother of nate seglund, just
three comments regarding

00:33:12.843 --> 00:33:14.843
appointment of a certain

00:33:16.460 --> 00:33:18.414
individual over at the in-home
services, public authority just

00:33:21.151 --> 00:33:23.151
guide post of what I was compare

00:33:23.820 --> 00:33:26.355
and contrast can be at least
worthy of the comment itself,

00:33:28.124 --> 00:33:30.760
first of all, if you compare the
group home where my brother has

00:33:32.830 --> 00:33:35.632
been confined in, compare the
services by regional center of

00:33:36.767 --> 00:33:39.569
orange county, compare it to
in-home supportive services,

00:33:40.404 --> 00:33:42.438
regional center of orange county
receives funding from the state

00:33:46.878 --> 00:33:49.413
of california director of the
developmental department of

00:33:50.448 --> 00:33:52.448
health services regional funding

00:34:05.330 --> 00:34:07.330
and given by the lanterman act,

00:34:08.633 --> 00:34:10.633
and habeas corpus, contempt,

00:34:17.508 --> 00:34:19.508
that was found odd probate case

00:34:20.411 --> 00:34:22.411
876780, you have a situation

00:34:22.848 --> 00:34:25.750
where my brother allegedly is
financed over 50,000 a month in

00:34:29.654 --> 00:34:31.654
the group home where he is at

00:34:31.990 --> 00:34:33.990
before he was provided, before

00:34:34.192 --> 00:34:37.940
22 provided was supposed to be
provided with educational

00:34:37.462 --> 00:34:39.462
services, supposed to be

00:34:40.650 --> 00:34:42.650
provided, in the family, and the

00:34:43.335 --> 00:34:45.335
community, and so forth, that

00:34:45.571 --> 00:34:47.571
was obviously interrupted

00:34:52.344 --> 00:34:54.578
through the removal, but
nevertheless when he was in the

00:34:55.647 --> 00:34:58.250
home he was able to get that
then afterwards, the connection

00:34:59.385 --> 00:35:02.153
here is we have a situation
where, twice, the regional

00:35:06.758 --> 00:35:08.758
center of orange county removed

00:35:08.760 --> 00:35:10.760
a certainly vendor and replaced

00:35:12.310 --> 00:35:14.310
the conservative, my brother, in

00:35:14.601 --> 00:35:16.601
neglect, the regional center was

00:35:20.606 --> 00:35:22.606
neglect than afterwards they

00:35:22.775 --> 00:35:24.775
sent social services to neglect

00:35:26.120 --> 00:35:28.780
him but they were the ones whoey
in reflect him by removing

00:35:29.582 --> 00:35:31.582
services, now this was the

00:35:31.684 --> 00:35:33.684
agency financed under, I

00:35:42.929 --> 00:35:44.929
wouldn't say just jurisdiction,

00:35:44.998 --> 00:35:46.998
you have waste money, however

00:35:47.330 --> 00:35:49.340
not spending money, the county
of orange county has

00:35:49.690 --> 00:35:51.404
jurisdiction over that in the
sense they have jurisdiction

00:35:54.574 --> 00:35:56.375
over certain agencies like adult
protective services like public

00:35:57.770 --> 00:35:59.545
defender that's why I would
encourage that of course you

00:36:02.582 --> 00:36:05.250
should find that, but maybe you
can have the california

00:36:06.687 --> 00:36:08.687
government funded and take away

00:36:08.756 --> 00:36:11.570
money from waste and other areas
that's my suggestion and

00:36:11.358 --> 00:36:13.358
hopefully appoint the right

00:36:13.427 --> 00:36:15.194
person to do so thank you.
>>sup. Andrew do, chair: thank

00:36:17.197 --> 00:36:19.699
you. I entertain a motion at
this time.
>>sup. Todd spitzer: thank you

00:36:21.768 --> 00:36:23.768
Mr. Chair he housing served with

00:36:24.138 --> 00:36:25.605
honor, I move the recommended
action.

00:36:26.707 --> 00:36:28.575
>>sup. Michelle steel: second.
>>sup. Andrew do, chair: that

00:36:30.911 --> 00:36:32.911
item passes we now move on to

00:36:36.883 --> 00:36:38.883
the next items. Please read the

00:36:42.230 --> 00:36:43.690
next item.
>>clerk of the board, robin

00:36:46.527 --> 00:36:48.527
stieler: reading item.

00:36:49.197 --> 00:36:51.197
>>sup. Andrew do, chair:

00:36:51.966 --> 00:36:53.733
supervisor bartlett.
>>sup. Lisa a. Bartlett: thank

00:36:56.437 --> 00:36:58.437
you chair, do we have the

00:37:03.778 --> 00:37:05.778
assessor here in the audience?

00:37:06.648 --> 00:37:08.648
>>speaker: good morning, george

00:37:09.384 --> 00:37:11.552
semiteri for the orange county
assessor.
>>sup. Lisa a. Bartlett: thank

00:37:12.686 --> 00:37:14.686
you. When we transfer from a

00:37:15.220 --> 00:37:17.325

major system such as the tax
assessment which is on the

00:37:19.161 --> 00:37:21.161
system today we want to mitigate

00:37:21.596 --> 00:37:23.596
some of the risk associated, the

00:37:27.636 --> 00:37:30.604
county has learned a lot from
transitioning from software

00:37:33.740 --> 00:37:35.740
packages from another and it's

00:37:37.245 --> 00:37:39.245
if things aren't done properly

00:37:40.582 --> 00:37:42.582
we could jeopardize ability, and

00:37:43.285 --> 00:37:45.786
we don't expect you to be it
experts and the potential lack

00:37:47.222 --> 00:37:49.222
of experience with the complex

00:37:49.291 --> 00:37:51.291
application codes and perhaps

00:38:00.135 --> 00:38:02.135
any error computations, having

00:38:03.539 --> 00:38:06.307
adequate training to monitor
during the transition, it's

00:38:11.948 --> 00:38:13.948
important to have plan in

00:38:14.951 --> 00:38:16.951
place. I met with the assessor,

00:38:18.540 --> 00:38:20.540
and what I would like to do is

00:38:20.723 --> 00:38:23.458
request from the assessor's
office along with it that you

00:38:24.493 --> 00:38:26.795
work together on this plan and I
would like you to coordinate

00:38:30.900 --> 00:38:33.202
with ocit to have the paraplegic
aspects of this management

00:38:35.204 --> 00:38:37.204
handled by the experts with

00:38:37.607 --> 00:38:39.607
regard to software transition to

00:38:40.476 --> 00:38:43.780
regulate joint ocit and assessor
progress reports because we want

00:38:43.480 --> 00:38:45.815
to know from your perspective
how you feel the transition is

00:38:47.584 --> 00:38:49.584
going as well as ocit as well as

00:38:50.387 --> 00:38:52.387
how the transitioning from the

00:38:52.422 --> 00:38:55.257
technology perspective to
develop and maintain a formal

00:38:55.458 --> 00:38:57.458
transition plan work together

00:39:00.196 --> 00:39:02.650
with ocit to develop a plan with
recommendations for risk

00:39:02.599 --> 00:39:05.340
mitigation, that's something I
feel is really important we want

00:39:07.571 --> 00:39:10.473
this to go smoothly we don't
want to lose data or have data

00:39:10.841 --> 00:39:13.643
corrupted along the way we want
to have certain things in place

00:39:16.346 --> 00:39:18.346
so if you agree to that on

00:39:18.716 --> 00:39:21.184
behalf of the assessor to
implement those changes along

00:39:21.385 --> 00:39:23.385
with the plan with working with

00:39:24.488 --> 00:39:26.489
joel and ocitive would be happy
to support this item but you

00:39:29.426 --> 00:39:32.940
have to set it up in order for
that transition to work

00:39:33.597 --> 00:39:36.466
smoothly. We want this to be a
good smooth transition, this is

00:39:38.336 --> 00:39:40.737
a critical component in our, in
the whole tax system with the

00:39:41.306 --> 00:39:43.907

county.

>>speaker: yes. That shouldn't

00:39:44.575 --> 00:39:46.575
be a problem supervisor bartlett

00:39:47.440 --> 00:39:49.180
we have reached out to ocit
already on this.

00:39:49.180 --> 00:39:51.614
>>sup. Lisa a. Bartlett: so you
are happy to incorporate those

00:39:54.799 --> 00:39:57.122
things they mentioned.
>>speaker: yes.
>>sup. Lisa a. Bartlett: thank
you.
>>sup. Andrew do, chair:

00:39:57.122 --> 00:39:58.889
supervisor spitzer?
>>sup. Todd spitzer: thank you

00:39:59.324 --> 00:40:01.324
Mr. Chairman for coming in with

00:40:02.493 --> 00:40:04.493
your assessor and other staff

00:40:05.830 --> 00:40:07.830
members much I agree

00:40:08.866 --> 00:40:10.866
wholeheartedly with supervisor

00:40:12.170 --> 00:40:15.106
bartlett. I see we are doing ad
hoc on an ongoing basis but

00:40:15.774 --> 00:40:17.774
there is a much broader issue,

00:40:17.843 --> 00:40:20.100
and it goes to her
recommendation, the fact is we

00:40:21.379 --> 00:40:23.379
have other departments that have

00:40:24.983 --> 00:40:26.983
their own it, they're expanding

00:40:31.757 --> 00:40:34.250
their it because we have been
briefed on potential budget

00:40:34.426 --> 00:40:36.426
discussions and right now we

00:40:37.563 --> 00:40:39.563
don't have a handle on the plan.

00:40:41.900 --> 00:40:43.968

So when you answered the question, honestly when you

00:40:43.968 --> 00:40:45.968
decided transition from the

00:40:46.839 --> 00:40:48.839
vendor to do it in-house, I want

00:40:49.709 --> 00:40:52.143
to commend you on that because of the significant cost savings

00:40:53.612 --> 00:40:55.612
as long as we don't increase our

00:40:55.915 --> 00:40:57.915
risk. My question is for you,

00:40:57.917 --> 00:41:00.485
why is it that discussion didn't happen at the commencement of

00:41:01.854 --> 00:41:03.254
the discussions of the transition?

00:41:04.958 --> 00:41:07.893
As opposed to now on the back end as the supervisors

00:41:08.461 --> 00:41:10.461
suggestion, and two, what are we

00:41:11.698 --> 00:41:14.232
doing to get a handle on every departments present it system,

00:41:15.201 --> 00:41:17.201
because the whole goal is we

00:41:18.270 --> 00:41:20.270
were trying to encourage either

00:41:20.473 --> 00:41:22.473
through coercion or being nice

00:41:22.843 --> 00:41:24.843
to get other departments to come

00:41:25.445 --> 00:41:27.680
under one umbrella so we could have economy scale and save

00:41:28.381 --> 00:41:30.381
money. I would ask you to

00:41:30.450 --> 00:41:33.418
answer that -- you don't have to spend so much time on this --

00:41:35.588 --> 00:41:37.588
but first could you answer the

00:41:38.191 --> 00:41:40.191

first question. What happens

00:41:42.262 --> 00:41:44.262
with this agenda item and what

00:41:44.865 --> 00:41:46.865
about every partner that's not

00:41:47.267 --> 00:41:49.635
under the umbrella?
>>ceo kim: supervisor spitzer,

00:41:50.169 --> 00:41:52.971
the process for establishing
this contract began with prior

00:41:54.507 --> 00:41:56.507
board directive to issue an rfp

00:41:56.810 --> 00:41:59.612
and bid the work out of that
brain sharp had briefly been

00:42:00.714 --> 00:42:02.714
providing in terms of service to

00:42:03.784 --> 00:42:05.784
the assessor so during that bid

00:42:06.686 --> 00:42:08.686
process, there was a bid protest

00:42:08.888 --> 00:42:11.624
and appeal and during that
process the assessor's

00:42:12.292 --> 00:42:14.928
department reevaluated the
direction they wanted to head

00:42:16.630 --> 00:42:18.999
and determined that it was the
right decision at that time to

00:42:20.670 --> 00:42:22.670
abandon the bid process and brig

00:42:23.103 --> 00:42:25.571
this skill and per 'tis inhouse
so that internal staff could

00:42:26.340 --> 00:42:28.340
maintain this critical county

00:42:28.442 --> 00:42:30.676
program. So once that happened,
and we saw the direction that

00:42:33.147 --> 00:42:35.148
they were headed, during our
briefings on these items we have

00:42:36.384 --> 00:42:39.352
had discussions with the
assessor and we agree that

00:42:40.388 --> 00:42:42.388
working on this jointly with

00:42:43.324 --> 00:42:46.126
ocit and providing quarterly
updates to the board is
something that's the right

00:42:47.728 --> 00:42:49.728
policy so I think we have been

00:42:49.764 --> 00:42:51.865
together, it's just based on the
fifth extension of the brain

00:42:52.200 --> 00:42:54.902
sharp contract from the prior
year and the board direction,

00:42:55.270 --> 00:42:57.270
there was a change in process

00:42:57.772 --> 00:43:00.107
and direction that occurred
recently.

>>sup. Todd spitzer: okay. Can

00:43:01.576 --> 00:43:03.576
you dovetail now into the second

00:43:04.345 --> 00:43:06.313
part which is -- how are we
overseeing what every other

00:43:07.749 --> 00:43:10.351
department is doing and ensuring
we have the appropriate

00:43:10.686 --> 00:43:12.686
oversight with expansion. If we

00:43:12.888 --> 00:43:14.888
are trying to move all

00:43:16.424 --> 00:43:18.424
departments under one umbrella

00:43:19.461 --> 00:43:21.461
why are we encouraging through

00:43:25.134 --> 00:43:26.634
budget discussions this self
autonomy?

00:43:27.403 --> 00:43:29.403
>>ceo kim: we established an it

00:43:29.872 --> 00:43:31.539
process that's where you
referenced items coming

00:43:32.107 --> 00:43:34.575
throughout budgeting process
that have significant resource

00:43:35.911 --> 00:43:38.312
commitments related to new it
initiatives so that's reviewed

00:43:38.947 --> 00:43:40.947
by a group of department heads

00:43:41.351 --> 00:43:43.351
and through ocit and my office

00:43:43.486 --> 00:43:45.486
and we manage all of the new

00:43:45.888 --> 00:43:48.256
programs, and it concepts that
will be implemented throughout

00:43:53.696 --> 00:43:56.330
the county. In terms of
addition centralization we have

00:43:59.462 --> 00:44:01.300
had discussions in shared
services model, in the past my
recollection was the board did

00:44:02.805 --> 00:44:04.805
not want us to move all at once

00:44:05.174 --> 00:44:08.143
but wanted us to continue to
evaluate and bring forth

00:44:09.780 --> 00:44:11.713
departments in series, so that
it's a phased approach and that

00:44:12.915 --> 00:44:15.183
process is ongoing, we have
additional departments that we

00:44:15.351 --> 00:44:18.120
will be recommending to your
board that come into the shared

00:44:19.589 --> 00:44:21.589
services model, but we wanted to

00:44:22.910 --> 00:44:24.910
get board offices and also the

00:44:25.195 --> 00:44:27.796
it ad hoc comfortable with the
fact that the shared services

00:44:28.564 --> 00:44:31.400
model was in fact a good model
and was efficient and we can

00:44:31.501 --> 00:44:33.501
provide the service that

00:44:34.505 --> 00:44:36.505
departments wanted and desired.

00:44:39.776 --> 00:44:42.478

So to me, we're doing exactly
what you had asked questions

00:44:43.180 --> 00:44:45.180

about, we are moving toward a

00:44:45.248 --> 00:44:47.248

shared services model where we

00:44:47.517 --> 00:44:49.517

are centralizing many of those

00:44:50.353 --> 00:44:52.353

tasks so they have the oversight

00:44:52.656 --> 00:44:55.158

from a central it office and
consistent with what supervisor

00:44:57.940 --> 00:44:59.929

bartlett had mentioned earlier.
>>sup. Todd spitzer: Mr. Kim at

00:45:01.965 --> 00:45:04.800

octa, we also have octa we had a
major security breach we were

00:45:05.702 --> 00:45:08.604

able to meet about it in closed
session because it had to do

00:45:09.340 --> 00:45:11.608

with security it was eventually
reported out, it's public now.

00:45:12.243 --> 00:45:14.577

What is required of department
heads to maintain their own

00:45:15.179 --> 00:45:17.179

system if they have had a breach

00:45:19.490 --> 00:45:21.490

or security issue, are they

00:45:21.118 --> 00:45:23.118

manneditorial required to report

00:45:23.487 --> 00:45:25.487

to the board and ocit or can

00:45:26.570 --> 00:45:28.570

they keep a breach of their

00:45:28.426 --> 00:45:30.426

security or any kind of

00:45:31.829 --> 00:45:33.829

vulnerability or issue are able

00:45:34.331 --> 00:45:36.666

to keep that covert from the
board.

>>ceo kim: first of all we

00:45:37.401 --> 00:45:39.401
manage the data center, so that

00:45:39.770 --> 00:45:42.105
is the front gate to the county
infrastructure network and in

00:45:43.608 --> 00:45:45.608
the past year your board

00:45:46.411 --> 00:45:48.411
approved an agreement for master

00:45:48.680 --> 00:45:50.680
contract for third party vendor

00:45:50.882 --> 00:45:53.817
to access departments it
security assessments that has

00:45:57.655 --> 00:45:59.923
been ongoing and the assessor
are voluntary participating in

00:46:01.660 --> 00:46:03.660
that process we have 100 percent

00:46:06.164 --> 00:46:08.966
compliance we are doing our own
it assessments and as part of

00:46:12.104 --> 00:46:14.104
future assessments for funding

00:46:15.206 --> 00:46:17.206
to enhance certain areas for

00:46:17.909 --> 00:46:20.145
where we feel resources are
needed to ensure security.

00:46:20.145 --> 00:46:22.145
>>sup. Todd spitzer: what's the

00:46:22.314 --> 00:46:24.314
answer to my question?

00:46:24.783 --> 00:46:26.783
>>ceo kim: in terms of -- ?

00:46:28.120 --> 00:46:30.120
>>sup. Todd spitzer: I can

00:46:30.522 --> 00:46:32.522
rephrase it. A department that

00:46:32.824 --> 00:46:34.824
maintains its own it system if

00:46:35.528 --> 00:46:37.528
they have major event, are they

00:46:41.167 --> 00:46:42.967

obligated to inform ceo/it board
of supervisors because they have

00:46:43.636 --> 00:46:45.636
their own system are they able

00:46:47.372 --> 00:46:48.907
to keep that confidential from
the board.

00:46:50.175 --> 00:46:52.175
>>ceo kim: that's a good

00:46:53.480 --> 00:46:56.248
question I'll ask kc to respond
to that.
>>speaker: yes we have a

00:46:56.516 --> 00:46:58.516
process in place working with

00:46:59.786 --> 00:47:01.786
all of the agencies, to let us

00:47:01.888 --> 00:47:04.756
know, inform us in there is any
kind of security breach as well

00:47:05.892 --> 00:47:07.892
as our own systems if we see a

00:47:07.893 --> 00:47:09.961
security breach we work
collectively and collaboratively

00:47:11.310 --> 00:47:13.310
with the agencies to make sure

00:47:13.166 --> 00:47:15.166
those breaches are processed and

00:47:15.268 --> 00:47:18.237
handled properly and secured as
quickly as possible.

00:47:18.538 --> 00:47:20.538
>>sup. Todd spitzer: so in all

00:47:20.673 --> 00:47:22.673
of our agreements like this one

00:47:24.143 --> 00:47:26.143
that's set for approval right

00:47:26.646 --> 00:47:29.315
now, is that, if this were to
have some kind of breach because

00:47:30.884 --> 00:47:33.352
they reach for some third party
instead of internal and if they

00:47:34.955 --> 00:47:37.323
have a break down which is
supervisor bartlett's

00:47:38.692 --> 00:47:41.260
department, you're telling us
they are mandated to be required

00:47:42.195 --> 00:47:44.195
to report to us?

00:47:45.980 --> 00:47:47.980
>>speaker: they are required to

00:47:49.903 --> 00:47:51.903
report to us for governance.

00:47:51.972 --> 00:47:54.307
>>sup. Todd spitzer: sig tore?
>>speaker: --
>>sup. Todd spitzer: if we're

00:47:57.440 --> 00:47:59.440
going to have some kind of

00:47:59.646 --> 00:48:01.647
agreement for latitude, with
respect to this agreement and

00:48:03.384 --> 00:48:05.919
all systems that are being
managed by other departments we

00:48:06.787 --> 00:48:08.787
should get quarterly reports and

00:48:09.857 --> 00:48:12.250
there should be an mou with all
departments with department

00:48:13.827 --> 00:48:15.827
heads signature that mandatory

00:48:16.463 --> 00:48:18.463
required to report to issue that

00:48:18.498 --> 00:48:20.498
comes to their attention, to

00:48:20.835 --> 00:48:22.835
note that we have other issues

00:48:30.377 --> 00:48:32.377
and others at ocit, I would feel

00:48:33.147 --> 00:48:35.147
a lot more comfortable if

00:48:35.850 --> 00:48:38.217
webster had assigned -- why
disay that?

00:48:39.287 --> 00:48:41.287
Claude parrish. Sorry I'm going

00:48:43.825 --> 00:48:45.825
in historical break down today.

00:48:47.295 --> 00:48:49.295
If the assessors could look into

00:48:53.401 --> 00:48:56.236
that I would appreciate it.
>>sup. Michelle steel: I have a

00:48:56.572 --> 00:48:58.572
question. Talking about cost

00:48:58.807 --> 00:49:01.750
savings here because after the
transaction, transition has been

00:49:03.780 --> 00:49:05.713
completed, then I want your
department to come back with

00:49:06.414 --> 00:49:08.414
cost savings here. I want to

00:49:11.119 --> 00:49:13.119
look at the numbers.

00:49:14.323 --> 00:49:16.525
>>speaker: yes supervisors.
>>sup. Andrew do, chair:

00:49:16.525 --> 00:49:18.293
supervisor bartlett.
>>sup. Lisa a. Bartlett: that

00:49:18.560 --> 00:49:20.560
should go analysis on the

00:49:21.430 --> 00:49:23.430
agenda, if we're going to save x

00:49:25.670 --> 00:49:27.670
dollars by bringing the software

00:49:27.302 --> 00:49:29.302
and the platform inhouse to do,

00:49:30.238 --> 00:49:32.238
so my motion and just to restate

00:49:32.275 --> 00:49:34.275
things, for the assessor's

00:49:35.611 --> 00:49:37.611
office to basically have ocit

00:49:38.214 --> 00:49:40.214
set up a pmo for this project

00:49:41.417 --> 00:49:43.685
and utilize the it department to
project manage it from beginning

00:49:44.687 --> 00:49:46.687
to end, the creation and

00:49:48.358 --> 00:49:50.358
delivery of joint quarterly

00:49:51.600 --> 00:49:53.600
reports progresses reports from

00:49:53.729 --> 00:49:55.729
ocit and assessors's office and

00:49:57.834 --> 00:50:00.669
work together to developa a
formal transition plan for risk

00:50:01.270 --> 00:50:03.270
mitigation as we move forward.

00:50:03.606 --> 00:50:06.207
That would be my motion.
>>sup. Todd spitzer: I'll

00:50:07.310 --> 00:50:09.310
second it.

00:50:09.813 --> 00:50:12.614
I'll just ask that with respect
to the directive and information

00:50:14.651 --> 00:50:16.651
quarterly with all systems at

00:50:16.853 --> 00:50:19.454
least that go on the clerk's
directive list so we can

00:50:20.223 --> 00:50:22.324
maintain all of that. Thank
you.
>>sup. Andrew do, chair: motion

00:50:23.794 --> 00:50:25.794
and second. Any other questions

00:50:25.929 --> 00:50:27.563
or comments?
Any opposition?

00:50:28.198 --> 00:50:30.433
That item passes.
>>speaker: thank you.

00:50:30.500 --> 00:50:32.601
>>sup. Andrew do, chair: thank
you.

00:50:38.475 --> 00:50:41.344
Number 12 please.
Number 12 please.
>>clerk of the board, robin
stieler: clerk-recorder-

00:50:43.547 --> 00:50:45.816
approve contract ct-059-18010655
approve contract ct-059-18010655

00:50:45.816 --> 00:50:48.218
and authorize county procurement
officer or authorized deputy to

execute contract-all
districts.

00:50:48.218 --> 00:50:50.553
>>sup. Andrew do, chair:
supervisor bartlett.
>>sup. Lisa a. Bartlett: do we

00:50:51.922 --> 00:50:53.922
have anyone from the clerk

00:50:54.991 --> 00:50:56.991
records office here?

00:50:59.363 --> 00:51:01.363
>>speaker: good morning, adam

00:51:01.432 --> 00:51:04.300
stickler finance manager for the
clerk recorder.

00:51:05.200 --> 00:51:06.836
>>sup. Lisa a. Bartlett: we are
talking about transition again

00:51:08.506 --> 00:51:10.974
when we talk about software
whether we have it centralize

00:51:14.244 --> 00:51:15.945
for the department or
decentralized out of the

00:51:16.581 --> 00:51:19.490
department we want to make sure
we coordinate through it because

00:51:19.817 --> 00:51:22.719
we want products that are going
to have open architecture so we

00:51:24.122 --> 00:51:26.122
are not boxed in. A lot of time

00:51:28.225 --> 00:51:30.225
when departments picked highly

00:51:34.660 --> 00:51:36.660
specialized software, they get

00:51:36.768 --> 00:51:38.769
locked into the system and are
charged a million dollars for

00:51:39.437 --> 00:51:41.437
instance, and it's the only

00:51:43.374 --> 00:51:45.374
vendor we can go to locked into

00:51:46.440 --> 00:51:48.440
these sole source very expensive

00:51:48.279 --> 00:51:50.279
platforms whether it's hardware

00:51:50.449 --> 00:51:53.151
or software combined so I think
it's good to set something in

00:51:54.190 --> 00:51:56.190
motion here at the county that

00:51:56.455 --> 00:51:58.455
whenever we have software

00:51:58.724 --> 00:52:01.225
packages or hardware packages
that are coming forth before the

00:52:01.660 --> 00:52:03.660
board that you coordinate with

00:52:03.661 --> 00:52:05.661
it to make sure that we're not

00:52:05.964 --> 00:52:07.964
going to get stuck with one

00:52:08.801 --> 00:52:10.801
single platform that it's open

00:52:13.138 --> 00:52:15.138
architect, uh, that we have the

00:52:15.941 --> 00:52:17.941
ability to do a lot of things

00:52:19.878 --> 00:52:21.878
with customization and it's not

00:52:22.648 --> 00:52:25.516
locked in to doing things with
one particular vendor a certain

00:52:26.786 --> 00:52:29.454
way I want to be sure that when
you transition this item that

00:52:30.990 --> 00:52:33.359
it's open architecture when we
move forward in the future can

00:52:33.359 --> 00:52:35.359
you clarify that?

00:52:35.561 --> 00:52:37.561
>>speaker: I would like to

00:52:37.696 --> 00:52:40.431
clarify this contract isn't for
software it's for service to

00:52:42.234 --> 00:52:44.234
convert images to existing

00:52:45.138 --> 00:52:47.472
format that we -- that the
current already has. Because

00:52:49.475 --> 00:52:51.475
they already converted prior to

00:52:52.678 --> 00:52:54.678
Mr. Win tech into office so this

00:52:57.583 --> 00:52:59.583
is for labor to convert in the

00:53:01.922 --> 00:53:03.922
last 20 years, in order to

00:53:10.363 --> 00:53:12.363
switch away from bmi, for oc

00:53:14.667 --> 00:53:16.667
review and search feature. We

00:53:17.871 --> 00:53:20.673
definitely reviewed that option
of converting and going away

00:53:21.575 --> 00:53:24.430
from something different and it
was going to end up being, we

00:53:27.347 --> 00:53:29.347
would have to reconvert every

00:53:29.449 --> 00:53:31.449
image since 1989 and it was

00:53:32.118 --> 00:53:33.819
going to be 4 to \$6 million.
>>sup. Lisa a. Bartlett: I

00:53:36.490 --> 00:53:37.891
didn't realize it was that
expensive.

00:53:38.525 --> 00:53:41.294
>>speaker: yeah because it's
every image since 1989.

00:53:42.996 --> 00:53:45.198
>>sup. Lisa a. Bartlett: when
departments bring things forth

00:53:45.199 --> 00:53:47.800
give us the research and
analysis that you have done on

00:53:49.469 --> 00:53:51.469
your item. So if you want new

00:53:53.340 --> 00:53:56.430
software or new hardware or
whatever, give us analysis if

00:53:57.645 --> 00:53:59.645
you want to bring it inhouse

00:53:59.880 --> 00:54:01.880
it's because of x or outsource,

00:54:04.840 --> 00:54:06.886
you know, it's more less costly
to outsource a particular item.

00:54:08.155 --> 00:54:10.556
That analysis is going to be
important. When the department

00:54:11.759 --> 00:54:14.461
just expects us to approve all
of these items with dollar

00:54:15.663 --> 00:54:18.331
amounts associated with them we
don't finish we're going in the

00:54:18.900 --> 00:54:20.900
right direction if we don't have

00:54:21.369 --> 00:54:23.369
the research and analysis that's

00:54:24.538 --> 00:54:26.538
been done by the department.

00:54:26.740 --> 00:54:29.376
Getting that background
information it's important. It

00:54:30.278 --> 00:54:32.278
will take a lot less time on the

00:54:32.781 --> 00:54:34.781
dais with us having to have a

00:54:34.949 --> 00:54:37.851
q&a session as the meeting
progresses. With that I approve

00:54:38.586 --> 00:54:41.880
this item.
>>speaker: thank you.
>>sup. Andrew do, chair: thank

00:54:41.890 --> 00:54:43.558
you. Was that a motion?
>>sup. Lisa a. Bartlett: yes.
To approve.

00:54:43.558 --> 00:54:45.561
>>sup. Andrew do, chair: I'll
take a second.

00:54:45.561 --> 00:54:47.661
>>sup. Michelle steel: second.
>>sup. Andrew do, chair: any

00:54:48.430 --> 00:54:50.430
opposition. That item passes.

00:54:55.360 --> 00:54:57.138
Number 13.
Total \$80,000); and authorize
county procurement officer or

00:54:57.138 --> 00:54:59.138
authorized deputy to execute

00:55:14.856 --> 00:55:16.856
amendments-all districts.

00:55:16.992 --> 00:55:18.526
>>sup. Andrew do, chair:
supervisor spitzer?

00:55:19.161 --> 00:55:21.161
>>sup. Todd spitzer: shari,

00:55:26.802 --> 00:55:29.270
disee you -- could you come
forward?
>>sup. Todd spitzer: my

00:55:29.872 --> 00:55:31.872
question is about wells fargo,

00:55:33.175 --> 00:55:35.175
they have had a hard time and

00:55:35.878 --> 00:55:38.145
been caught doing horrible
things toward consumers and they

00:55:46.389 --> 00:55:48.389
are in a perform -- this is like

00:55:48.791 --> 00:55:50.791
the whole merrill lynch thing.

00:55:52.428 --> 00:55:55.363
A lot of people have gotten over
that I still haven't I still

00:55:56.533 --> 00:55:58.533
continue to vote against merrill

00:55:59.369 --> 00:56:01.369
lynch because they hurt the

00:56:12.382 --> 00:56:14.952
county. Why should we use wells
fargo.
>>shari l. Freidenrich,
treasurer-tax collector: thank

00:56:14.952 --> 00:56:16.952
you for identifying this item.

00:56:17.888 --> 00:56:20.823
I do send up dates to the board,
and various news items have come

00:56:21.124 --> 00:56:23.926
out, I have one that was
scheduled to come out this last

00:56:24.361 --> 00:56:27.290
month and there was a few pieces
of news that happened in the

00:56:29.332 --> 00:56:31.332
last week so I am updating that

00:56:31.368 --> 00:56:33.368
to provide due diligence it's

00:56:33.837 --> 00:56:35.837
very important on all of our

00:56:40.244 --> 00:56:42.244
vendors. Wells fargo is our

00:56:45.849 --> 00:56:47.849
dedeposit bank and they cover

00:56:50.288 --> 00:56:52.388
fees and contracts such as
elevon which was approved last

00:56:54.191 --> 00:56:57.160
month I work with our represent
who is here on another matter

00:56:57.828 --> 00:56:59.828
with the letter of credit for

00:57:05.103 --> 00:57:07.103
the titer plan and risk steps,

00:57:07.104 --> 00:57:09.606
they had some corporate banking
issues that came out, because

00:57:10.842 --> 00:57:12.842
that is much closer to the area

00:57:28.159 --> 00:57:30.159
that

00:58:08.266 --> 00:58:10.266
option would we

00:58:10.736 --> 00:58:13.270
have. We are in contact with
represents to talk about steps

00:58:14.473 --> 00:58:16.473
we're taking there have been

00:58:17.276 --> 00:58:19.276
fines in the regulatory areas

00:58:22.381 --> 00:58:24.582
that have been assessed. I know
several people from wells fargo

00:58:25.751 --> 00:58:27.751
would be here to talk with you.

00:58:33.593 --> 00:58:35.994
They are here for public
finance. Every time something

00:58:37.263 --> 00:58:39.263
comes out I am e-mailing my

00:58:39.765 --> 00:58:41.800
represent and getting detailed
information on what they're

00:58:43.302 --> 00:58:45.737
doing and how does that affect
our operations. This is a

00:58:46.806 --> 00:58:49.240
contract that we do have several
providers as I mentioned and we

00:58:49.843 --> 00:58:52.344
are looking to do a master
agreement. We're looking to

00:58:53.713 --> 00:58:56.548
have them com bined or perhaps
keep separate agreements so it

00:58:58.117 --> 00:59:00.552
is something I think is
superintendant for us.

00:59:00.887 --> 00:59:03.689
>>sup. Todd spitzer: what's the
timing?
The urgency?

00:59:04.724 --> 00:59:07.125
If you were to look at other
option that at least the board

00:59:08.950 --> 00:59:10.829
might have other options working
in conjunction with you. Is

00:59:14.801 --> 00:59:17.700
there some -- tell me what's
going on?
>>shari l. Freidenrich,

00:59:17.700 --> 00:59:19.700
treasurer-tax collector: as you

00:59:19.773 --> 00:59:21.773
will see the next item is with

00:59:22.208 --> 00:59:24.208
payments we look at streamlining

00:59:24.845 --> 00:59:27.280
costs we use three different
vendors for merchandise

00:59:31.218 --> 00:59:33.920
antprogresses
ant
antprogresses

00:59:39.126 --> 00:59:41.126
ant

00:59:42.530 --> 00:59:44.530

processes, elevon handles those

00:59:44.999 --> 00:59:46.999
types of operations and as the

00:59:47.368 --> 00:59:49.368
transaction value goes up they

00:59:49.670 --> 00:59:51.905
become more cost effective so
this contract could be done by

00:59:53.440 --> 00:59:55.742
the master contractor that we
approved last month we have

00:59:56.677 --> 00:59:58.677
official payments which handles

00:59:59.680 --> 01:00:02.282
our fee payment for the tax
collector and probation

01:00:03.217 --> 01:00:05.217
department that is a nine month

01:00:05.720 --> 01:00:07.720
request because we are going out

01:00:07.755 --> 01:00:09.755
for competitive bid on those and

01:00:13.961 --> 01:00:16.496
are looking at all those
merchant processing services.

01:00:19.367 --> 01:00:21.702
We would do rfp, I would say we
should have something back with

01:00:23.471 --> 01:00:25.471
you for some of those services

01:00:25.507 --> 01:00:27.507
in the next nine months before

01:00:27.809 --> 01:00:30.110
official payments comes up for
that contract we're asking for

01:00:32.280 --> 01:00:34.280
that extension so I do think

01:00:34.348 --> 01:00:36.651
it's a short-term period and are
every time this comes up in the

01:00:39.488 --> 01:00:41.322
news I am talking with our
represent about these concerns

01:00:42.791 --> 01:00:45.559
to try to stay on top of it and
look at those items.

01:00:45.593 --> 01:00:47.593
>>sup. Todd spitzer: you know,

01:00:48.330 --> 01:00:50.330
just personally, I have nothing

01:00:50.632 --> 01:00:52.632
but the utmost faith in you.

01:00:54.437 --> 01:00:56.437
You are our delegated entity for

01:00:56.705 --> 01:00:58.705
the treasury. Right?

01:01:00.709 --> 01:01:02.709
It's our power but we delegate

01:01:06.481 --> 01:01:09.350
it to the treasurer in terms of
investment. So our relationship

01:01:11.200 --> 01:01:13.200
has to be impeccable and years

01:01:15.190 --> 01:01:17.190
ago the treasurer bought edison

01:01:19.369 --> 01:01:22.230
bonds during the energy crisis
when it was on credit watch and
I remember at the time the

01:01:23.932 --> 01:01:26.768
treasurer didn't have the
sophistication to check of level

01:01:27.303 --> 01:01:30.239
of credit with respect to
investments so that got reformed

01:01:31.808 --> 01:01:33.808
but I was here when the board of

01:01:35.440 --> 01:01:37.712
supervisors changed policy to
investigate credit watch which

01:01:37.913 --> 01:01:39.913
at the time we didn't have, I

01:01:40.716 --> 01:01:42.716
just -- it's not a technical

01:01:43.180 --> 01:01:45.180
word, heebie jeebie, I just

01:01:48.240 --> 01:01:50.240
don't like it. We have slugged

01:01:50.460 --> 01:01:52.460
out way out of this and as a

01:01:53.663 --> 01:01:55.663
county work on our reputation

01:01:56.320 --> 01:01:58.320
and with competition and other

01:01:58.670 --> 01:02:00.670
options -- I don't know these

01:02:00.690 --> 01:02:02.690
people and maybe they're good

01:02:05.743 --> 01:02:07.743
people and have nothing do with,

01:02:08.111 --> 01:02:10.111
it's a huge bank, just to attach

01:02:13.850 --> 01:02:15.851
our name when we have other
options, I don't know about

01:02:15.952 --> 01:02:18.153
that.
>>sup. Andrew do, chair:

01:02:18.788 --> 01:02:20.522
supervisor bartlett?
>>sup. Lisa a. Bartlett: to

01:02:22.226 --> 01:02:24.226
what extent is the contractor

01:02:25.963 --> 01:02:28.765
performing work under wells
fargo?
>>shari l. Freidenrich,
treasurer-tax collector:

01:02:29.366 --> 01:02:31.366
through the chair, I'm pulling

01:02:31.768 --> 01:02:33.768
my subcontract form here, the

01:02:34.400 --> 01:02:36.400
subcontractor is first data and

01:02:36.673 --> 01:02:38.673
so they would, to give you a

01:02:40.440 --> 01:02:43.130
little history on the banking
industry, at one point most

01:02:43.614 --> 01:02:45.614
banks actually did the

01:02:45.950 --> 01:02:47.950
processing, they were that

01:02:49.119 --> 01:02:51.119
processor and most banks got out

01:02:52.823 --> 01:02:55.391
of that service so this is
probably one of the largest

01:02:56.361 --> 01:02:58.695

merchant processors that do
that, and throughout bank we

01:03:00.665 --> 01:03:02.799

have that now, first data has a
contract with the state, we have

01:03:04.235 --> 01:03:06.235

a rate that is more competitive

01:03:07.438 --> 01:03:09.438

and lower for us in this through

01:03:09.440 --> 01:03:11.975

wells fargo so the state does
not offer this percentage rate,

01:03:13.511 --> 01:03:16.347

but they do have a contract with
first data that is with a

01:03:17.515 --> 01:03:19.515

percentage plus a fixed fee. So

01:03:23.540 --> 01:03:25.889

first data is one of the
well-known processors in the

01:03:26.240 --> 01:03:28.725

united states.

>>sup. Lisa a. Bartlett: so are

01:03:31.363 --> 01:03:33.363

they doing 80 percent of this

01:03:33.498 --> 01:03:36.000

contract or 50 percent?

>>shari l. Freidenrich,
treasurer-tax collector: they

01:03:37.502 --> 01:03:39.502

are doing the majority of the

01:03:39.538 --> 01:03:41.538

processing and wells fargo is

01:03:42.874 --> 01:03:44.874

bringing to us the fee that is

01:03:45.710 --> 01:03:48.413

negotiated and wells fargo has
gotten out of the data

01:03:49.815 --> 01:03:51.815

processing business and first

01:03:53.686 --> 01:03:56.287

data is taking that and swiping
with the pin and they're taking

01:03:57.560 --> 01:03:59.290

that information to process it
throughout gateway and bringing

01:04:01.393 --> 01:04:04.361
it back and it comes through a
wells fargo, essentially, access

01:04:05.932 --> 01:04:07.932
point, so really the work is

01:04:08.301 --> 01:04:10.201
being done through first data.
>>sup. Lisa a. Bartlett: so to

01:04:10.570 --> 01:04:12.570
go to supervisor spitzer point

01:04:13.305 --> 01:04:15.305
it would be goodton that even

01:04:15.808 --> 01:04:17.808
though the contract is through

01:04:18.177 --> 01:04:20.177
wells fargo, I know you have the

01:04:20.712 --> 01:04:23.215
subcontract here but the
majorities of the work is not

01:04:26.285 --> 01:04:28.321
through wells fargo it is
through first data?

01:04:28.321 --> 01:04:30.880
>>shari l. Freidenrich,
treasurer-tax collector: we

01:04:32.191 --> 01:04:34.859
chose to go through elevon
because that you are a provide

01:04:36.729 --> 01:04:39.364
but the larger one is available
throughout state.
>>sup. Lisa a. Bartlett: so

01:04:41.101 --> 01:04:43.101
you're talking about collecting

01:04:43.703 --> 01:04:45.703
funds as a more economic rate

01:04:45.705 --> 01:04:47.973
what does that mean?
>>shari l. Freidenrich,
treasurer-tax collector:

01:04:48.541 --> 01:04:51.760
utilizing each vendor for the
services that they are able to

01:04:52.812 --> 01:04:55.347
provide at the lowest
competitive rate. So when you

01:04:56.482 --> 01:04:58.317

go to an establishment and
process your credit card there

01:04:59.353 --> 01:05:01.654
are two-way that is it can be
processed one is a percentage

01:05:01.922 --> 01:05:04.423
fee and that is what this
contract has so if you have a

01:05:05.325 --> 01:05:07.359
dollar that you're going to
charge, and we have a

01:05:08.280 --> 01:05:10.280
percentage, say a two percent

01:05:10.297 --> 01:05:12.297
fee, and that fee then is

01:05:12.298 --> 01:05:14.298
charged, and so two percent of a

01:05:14.568 --> 01:05:17.303
dollar is going to be \$0.02, so
that would be the charge, the

01:05:20.674 --> 01:05:22.674
other type of service for

01:05:23.744 --> 01:05:26.612
merchant processing is a
percentage plus transaction fee

01:05:27.581 --> 01:05:29.581
and that's through the state

01:05:30.830 --> 01:05:32.918
contract, \$0.05 so you are
already \$0.03 higher, so where

01:05:37.825 --> 01:05:40.260
you can actually get a
percentage
it's

01:05:41.495 --> 01:05:43.495
economical for those low dollar

01:05:45.199 --> 01:05:47.700
amounts, at some point the
transaction becomes immaterial,

01:05:48.769 --> 01:05:50.769
but where the parking and lower

01:05:51.373 --> 01:05:53.841
costs are this is the most
competitive rate that we have.

01:05:53.841 --> 01:05:55.876
>>sup. Lisa a. Bartlett: that's
all great information and I

01:05:56.778 --> 01:05:59.179
think it's helpful when it comes
to the board for approval to set

01:06:01.349 --> 01:06:03.349
it up so you have a matrix or

01:06:03.551 --> 01:06:05.551
something, here is the before,

01:06:05.919 --> 01:06:08.550
the after, here is what we're
saving, here are the

01:06:09.524 --> 01:06:12.393
transactions et cetera that's so
we can review it and not have to

01:06:13.762 --> 01:06:15.762
ask you a lot of questions at

01:06:16.531 --> 01:06:19.233
the podium. Thank you.
>>speaker: thank you.
>>sup. Lisa a. Bartlett: I'll

01:06:21.202 --> 01:06:22.669
make a motion to approve the
item.

01:06:25.641 --> 01:06:28.376
>>sup. Andrew do, chair:
second?

01:06:29.311 --> 01:06:32.460
>>sup. Michelle steel: second.
>>sup. Andrew do, chair: by
supervisor spitzer. That item

01:06:39.220 --> 01:06:41.220
passes 4 to 1. Number 13

01:06:42.758 --> 01:06:44.425
please.
>>clerk of the board, robin

01:06:47.796 --> 01:06:49.796
stieler:

01:06:53.235 --> 01:06:55.671
stieler:
stieler: approve amendment six
to renew agreement
ma-074-12012200

01:06:55.671 --> 01:06:58.390
authorized deputy to execute
amendment-all districts.
>>sup. Andrew do, chair: any
opposition?

01:06:58.390 --> 01:07:00.390
That item passes.

01:07:03.779 --> 01:07:05.779

i'm going to jump ahead to

01:07:12.488 --> 01:07:14.656
supplemental 29a.
7/1/18; and consider application
of prior final environmental

01:07:14.656 --> 01:07:16.656
impact report no. 617 and other

01:07:27.904 --> 01:07:29.904
findings-district 2.

01:07:30.106 --> 01:07:31.873
We have three speaker requests.
>>sup. Andrew do, chair: please

01:07:36.146 --> 01:07:37.813
call the speakers at this time.
>>clerk of the board, robin

01:07:40.483 --> 01:07:42.852
stieler: alex wilcox, rachel,
and bill.

01:07:42.852 --> 01:07:45.587
>>speaker: good morning
supervisor my name is alex

01:07:47.690 --> 01:07:50.580
wilcox I am ceo, I am pleased to
be here this morning and happy

01:07:51.327 --> 01:07:53.327
we are on the agenda today.

01:07:53.997 --> 01:07:55.997
Thank you very much. Happy to

01:07:56.366 --> 01:07:58.366
report to you that jet supplies

01:07:58.869 --> 01:08:00.869
planes available for the kind of

01:08:02.720 --> 01:08:04.720
service we're going to provide,

01:08:08.178 --> 01:08:10.178
ten decibels below the standard.

01:08:10.414 --> 01:08:12.414
We have the friendly flyer award

01:08:14.218 --> 01:08:16.218
at the van nuys airport we are

01:08:16.653 --> 01:08:18.653
recognized as the quietest

01:08:18.956 --> 01:08:20.956
operator and we tend to do that

01:08:21.658 --> 01:08:23.658
here in orange county. Saving

01:08:23.860 --> 01:08:26.529
time for its customers we exceed
all standards in safety and

01:08:27.998 --> 01:08:29.998
security we are the only charter

01:08:30.835 --> 01:08:32.835
operator approved by tsa secure

01:08:37.708 --> 01:08:39.708
flight program. We have passed

01:08:40.677 --> 01:08:42.677
jetblue safety standard audit we

01:08:43.680 --> 01:08:45.680
do 100 percent screen for

01:08:45.784 --> 01:08:47.784
explosive

01:08:48.553 --> 01:08:50.553
explosives, our members are el

01:08:52.790 --> 01:08:54.790
rolled in the tsa program, and

01:08:57.895 --> 01:09:00.864
requirements as outlined by tsa,
and our planes as last measure

01:09:01.833 --> 01:09:03.833
we have the ballistic door as

01:09:04.436 --> 01:09:06.436
you will find on any other

01:09:07.380 --> 01:09:09.406
commercial jet. We fly 30
passenger airplanes we look

01:09:10.375 --> 01:09:12.375
forward to opportunities to fly

01:09:14.312 --> 01:09:16.312
to places not currently served

01:09:16.647 --> 01:09:18.647
by orange county airport places

01:09:20.285 --> 01:09:23.220
like mammoth, new mexico, and
flights to other destinations

01:09:27.459 --> 01:09:29.459
for only \$2 you would pay a

01:09:29.528 --> 01:09:31.528
typical commercial airline

01:09:34.650 --> 01:09:36.834
today. We comply with the
consent that governs orange

01:09:38.537 --> 01:09:40.537
county airport and we are happy

01:09:41.173 --> 01:09:43.173
to be here and would be happy to

01:09:43.275 --> 01:09:45.277
answer any questions you May
have.
>>sup. Andrew do, chair: thank

01:09:45.277 --> 01:09:47.845
you.
>>speaker: good morning, my

01:09:51.617 --> 01:09:53.617
name is rachel, and I live in

01:09:54.253 --> 01:09:56.253
costa mesa and jet represents

01:09:57.857 --> 01:09:59.857
the life blood of what orange

01:10:02.127 --> 01:10:04.127
county is, I think jet will be

01:10:04.663 --> 01:10:06.464
much needed to aviation within
orange county this is an

01:10:07.266 --> 01:10:10.201
opportunity to bridge the gap
between private and public

01:10:11.603 --> 01:10:14.106
aviation in a way that doesn't
equivalent today, spending

01:10:15.508 --> 01:10:17.508
thousands of dollars to fly or

01:10:17.877 --> 01:10:19.877
own private jet or on a plane

01:10:20.179 --> 01:10:22.179
with 150 other people when

01:10:23.249 --> 01:10:25.483
you're flying commercial. I am
flying commercial tomorrow and

01:10:26.719 --> 01:10:28.719
am not look forward to it and

01:10:31.425 --> 01:10:33.659
wish I could fly jet. The
commercial airline averages in

01:10:36.229 --> 01:10:38.363
the 30s we have great customer
satisfaction, it's incredible to

01:10:39.633 --> 01:10:41.633

watch social media, the

01:10:42.535 --> 01:10:45.170
conversations of people coming
off the planes saying how they

01:10:46.572 --> 01:10:49.308
didn't know this existed. We
are excited to bring this to

01:10:50.277 --> 01:10:53.112
life. We are enabling people
much like the beaches and

01:10:54.280 --> 01:10:56.182
resorts and environments here in
orange county to bring

01:10:57.384 --> 01:10:59.318
experience that they haven't had
elsewhere. So thank you very

01:11:00.487 --> 01:11:02.487
much for your consideration

01:11:03.823 --> 01:11:06.593
today.
>>sup. Andrew do, chair: thank
you.

01:11:09.730 --> 01:11:12.365
>>speaker: good morning
Mr. Chairman members of the

01:11:15.168 --> 01:11:17.168
board, bill ceo of aci jet, all

01:11:19.500 --> 01:11:21.500
of us at aci are excited to see

01:11:21.541 --> 01:11:23.541
this item in front of you today.

01:11:26.280 --> 01:11:28.280
We fully support jet cx request

01:11:29.216 --> 01:11:31.484
and look forward to the
destinations referred to. I

01:11:36.323 --> 01:11:38.323
would like to represent the

01:11:41.620 --> 01:11:44.310
remodelled lobby really
compliments jet cx represents

01:11:45.900 --> 01:11:47.902
and bring visitors to orange
county. Thank you very much.

01:11:47.902 --> 01:11:49.902
>>sup. Andrew do, chair: thank

01:11:50.171 --> 01:11:52.605

you. This is district two item,
so supervisor steel, would you

01:11:55.420 --> 01:11:57.510
like to t it up?
>>sup. Michelle steel: sure.

01:11:58.130 --> 01:12:00.130
Public safety comes first I

01:12:00.482 --> 01:12:02.482
would ask Mr. Wilcox to come up,

01:12:02.483 --> 01:12:04.483
maybe aci can answer this, so

01:12:05.987 --> 01:12:07.987
you have to go through, you

01:12:08.389 --> 01:12:10.389
talked about the security but

01:12:10.592 --> 01:12:12.759
tsa security process can you
give more detail?

01:12:13.761 --> 01:12:16.970
We know how it works at the
airport but at the same time

01:12:22.571 --> 01:12:24.872
they have to go through fbo and
that
that's a totally different

01:12:25.674 --> 01:12:28.342
story. You covered the surface
but give more detail about how

01:12:29.511 --> 01:12:31.511
you're going to go through it

01:12:31.614 --> 01:12:33.548
and who is responsible if
anything happens.

01:12:34.450 --> 01:12:36.450
>>speaker: thank you for the

01:12:37.486 --> 01:12:39.486
opportunity to discuss jet cx

01:12:40.222 --> 01:12:42.222
it's supporting we take

01:12:43.592 --> 01:12:45.592
seriously. No one will be

01:12:46.761 --> 01:12:48.761
harmed with our customers if

01:12:48.763 --> 01:12:50.763
something were to happen we hold

01:12:51.901 --> 01:12:53.901

state of to its highest value at

01:12:57.600 --> 01:12:59.600
jet cx, we are compliant with

01:12:59.742 --> 01:13:01.742
all federal aviation department

01:13:02.611 --> 01:13:05.346
of transportation requirements
and security administration

01:13:06.716 --> 01:13:08.884
requirements, they have federal
jurisdiction over aviation

01:13:09.652 --> 01:13:12.421
security we have been operating
two and a half years now from

01:13:16.592 --> 01:13:18.592
half a dozen airports our

01:13:22.564 --> 01:13:24.564
operations in burbank has no

01:13:25.535 --> 01:13:27.535
serious issues reported. Not to

01:13:27.837 --> 01:13:29.837
go into great detail I can tell

01:13:31.875 --> 01:13:33.875
that you 100 percent of our

01:13:35.111 --> 01:13:37.111
customers and belongings are

01:13:37.747 --> 01:13:39.747
screened this goes beyond tsa

01:13:40.249 --> 01:13:42.552
checkpoint that we have all
experienced on numerous

01:13:43.854 --> 01:13:46.822
occasions. We have also the
only charter carrier in the

01:13:48.592 --> 01:13:50.592
nation that qualifies for tsa

01:13:51.327 --> 01:13:53.327
secure flight programs, and that

01:13:55.232 --> 01:13:57.766
means perpetual cross checking
with people who have reserved

01:13:59.803 --> 01:14:01.971
seats and the tsa watch list for
people they don't want flying or

01:14:04.275 --> 01:14:06.275
want to take a look at and when

01:14:07.344 --> 01:14:10.213
people are -- names on that list
match up, we call local

01:14:10.414 --> 01:14:13.149
authorities or federal
authorities and they will

01:14:14.284 --> 01:14:16.786
typically have somebody there,
meeting that perspective

01:14:17.522 --> 01:14:19.522
passenger to handle them the way

01:14:19.657 --> 01:14:22.192
they wish and sometimes they get
cleared to fly and sometimes

01:14:23.928 --> 01:14:25.928
they do not, for details and

01:14:26.864 --> 01:14:29.632
securities we have 1205 security
program which covers our space

01:14:32.200 --> 01:14:34.570
and aviation, it's a tsa
controlled document and security

01:14:36.741 --> 01:14:38.741
sensitive document that I'm not

01:14:39.310 --> 01:14:41.310
at liberty to discuss in more

01:14:41.612 --> 01:14:43.612
detail but I can tell you that

01:14:43.681 --> 01:14:46.650
the airport wouldn't licensitous
fly out of there unless we were

01:14:48.953 --> 01:14:50.953
compliance with tsa and with

01:14:51.823 --> 01:14:54.580
supervisors and people who were
responsible for the airport

01:14:59.397 --> 01:15:01.566
weren't able verify if we were
compliant with those

01:15:01.566 --> 01:15:04.680
requirements.
>>sup. Michelle steel: I just

01:15:07.739 --> 01:15:09.139
came in on time, so that
perfect.

01:15:11.176 --> 01:15:13.177
>>speaker: I was in room 116

Mr. Chairman.

01:15:13.979 --> 01:15:16.114
>>sup. Michelle steel: so this evening we ask, what battles lay ahead this session? Is --

01:15:16.114 --> 01:15:17.615
>>sup. Todd spitzer:
[Indiscernible].

01:15:18.984 --> 01:15:20.984
>>speaker: it is. But we get

01:15:21.753 --> 01:15:23.687
to listen to all of you.
>>sup. Michelle steel: this is

01:15:24.823 --> 01:15:26.823
a new business idea that just

01:15:27.893 --> 01:15:29.893
came in, so it's not like two

01:15:30.596 --> 01:15:32.596
years ago when jet swiss x who

01:15:34.199 --> 01:15:36.199
got it, got the passenger quota

01:15:36.602 --> 01:15:38.703
two years ago, how it came -- I think it started in January of

01:15:40.305 --> 01:15:41.639
this year, not two years ago, right?

01:15:42.341 --> 01:15:45.900
>>speaker: it has been a significant amount of time. I

01:15:49.282 --> 01:15:51.617
will tell you it began on November 24th, 2015 --
>>sup. Michelle steel: that's

01:15:51.617 --> 01:15:53.617
the contract they wanted and

01:15:54.686 --> 01:15:56.686
then they want to use the

01:15:57.723 --> 01:15:59.723
regular -- the -- what they

01:15:59.992 --> 01:16:01.392
call, the gate for that terminal.

01:16:02.528 --> 01:16:04.528
>>speaker: yeah. This has

01:16:05.632 --> 01:16:08.300
evolved. We have a settlement

agreement and access plan and

01:16:09.402 --> 01:16:11.402
that puts us on different

01:16:11.637 --> 01:16:13.637
footing than burbank or a number

01:16:14.106 --> 01:16:16.106
of other commercial airports we

01:16:17.276 --> 01:16:20.179
have to review people who have
more than two scheduled flights

01:16:21.882 --> 01:16:23.882
as a commuter carrier, that's

01:16:27.720 --> 01:16:29.720
what the plan accesses, so that

01:16:29.823 --> 01:16:31.823
puts us in an arena where we

01:16:31.958 --> 01:16:34.860
have to find the right path to
meet our arrangements and the

01:16:35.662 --> 01:16:37.662
settlement agreements and access

01:16:40.434 --> 01:16:42.434
plan and jet suites model that's

01:16:43.603 --> 01:16:45.603
not operating out of fpo, we

01:16:46.473 --> 01:16:48.941
have involved a lot we started
with the idea of operating out

01:16:50.810 --> 01:16:52.810
of a terminal and they didn't

01:16:54.810 --> 01:16:56.810
coordinate with jet suite and we

01:16:57.851 --> 01:16:59.851
worked with that. Now we take

01:17:00.187 --> 01:17:02.922
have the exception of the
remaining overnight parked at

01:17:04.858 --> 01:17:06.858
the airport overnight because of

01:17:07.394 --> 01:17:09.394
the access plan the way it's

01:17:11.732 --> 01:17:13.732
written they must run overnight

01:17:14.936 --> 01:17:16.936
at gate 22. Beyond that, if

01:17:17.438 --> 01:17:19.873
they decide not to run overnight
everything else will take place

01:17:20.908 --> 01:17:22.742
at aci jet.
>>sup. Lisa a. Bartlett: do you

01:17:23.344 --> 01:17:25.712
have concerns with safety?
>>speaker: when you put an

01:17:25.913 --> 01:17:27.913
airplane in the air there is

01:17:28.448 --> 01:17:30.448
always the risk of something

01:17:31.185 --> 01:17:33.185
going wrong. Jet suites safety

01:17:37.925 --> 01:17:39.925
record is flying security, as

01:17:40.228 --> 01:17:42.228
Mr. Wilcox has the they have met

01:17:43.431 --> 01:17:45.431
the requirements tsa has set for

01:17:47.335 --> 01:17:49.335
the charter operation and in

01:17:49.637 --> 01:17:51.839
some cases exceeded that.
>>sup. Lisa a. Bartlett: so you

01:17:55.910 --> 01:17:57.910
already went over that?

01:17:59.800 --> 01:18:01.800
Any movement we do at airport, I

01:18:01.949 --> 01:18:04.484
just want to hear yes or no
about that.

01:18:05.921 --> 01:18:08.656
>>speaker: about the security.
>>sup. Lisa a. Bartlett: effect
of settle agreement.

01:18:08.857 --> 01:18:10.857
>>speaker: I can't tell you yes

01:18:11.760 --> 01:18:14.328
or no. I need to apologize, I
need to caveat, this is the

01:18:16.364 --> 01:18:18.364
first time that we have had what

01:18:19.834 --> 01:18:22.304
we call commuter air service

outside of the terminal

01:18:22.405 --> 01:18:24.405
environment, it's a new animal

01:18:24.607 --> 01:18:27.275
for us. This is part of the
route that this has taken trying

01:18:30.279 --> 01:18:32.547
to make it fit in the unique
environment.
>>sup. Michelle steel: so we're

01:18:34.249 --> 01:18:36.249
going to analyze after a year

01:18:36.385 --> 01:18:38.919
what this has approved today?
>>speaker: we will continue to

01:18:39.455 --> 01:18:41.455
analyze this operation and every

01:18:41.924 --> 01:18:43.924
other operation every day, not

01:18:44.126 --> 01:18:46.126
just yearly, but it does meet

01:18:46.128 --> 01:18:49.300
the terms of settlement
agreement.
>>sup. Michelle steel: so how

01:18:49.980 --> 01:18:51.980
about increase the total number

01:18:51.167 --> 01:18:53.167
of passengers at the airport

01:18:53.469 --> 01:18:55.469
because we have a settlement

01:18:55.671 --> 01:18:57.372
agreement you cannot exceed
those numbers.

01:18:59.575 --> 01:19:01.575
>>speaker: I can tell you it

01:19:02.312 --> 01:19:04.790
will not exceed the limits.
>>sup. Michelle steel: how

01:19:04.614 --> 01:19:06.614
about noise?

01:19:09.585 --> 01:19:11.585
Because people, the metroplex

01:19:12.288 --> 01:19:14.288
since implementation, special

01:19:14.891 --> 01:19:16.891

the people living on the flight

01:19:17.293 --> 01:19:19.293
path, are very nervous about it

01:19:19.896 --> 01:19:21.263
so that's not going to effect
anything?

01:19:22.232 --> 01:19:24.232
>>speaker: that's true. It

01:19:25.680 --> 01:19:27.170
will not effect anything.
>>sup. Michelle steel: thank
you.

01:19:27.170 --> 01:19:29.371
>>sup. Andrew do, chair:
supervisor spitzer?

01:19:31.700 --> 01:19:33.643
>>sup. Todd spitzer: I'm really
glad that supervisor steel asked

01:19:34.378 --> 01:19:36.378
those questions. We are going

01:19:37.414 --> 01:19:40.150
to be limited on noise con tours
even by adding this particular

01:19:41.351 --> 01:19:44.186
service we would still be in
adherence to the noise

01:19:44.788 --> 01:19:46.589
restrictions that are part of
the settlement agreement with

01:19:50.610 --> 01:19:52.228
the lawsuits and the fa?
>>speaker: that does not change

01:19:52.630 --> 01:19:54.530
those parameters.
>>sup. Todd spitzer: they would

01:19:56.500 --> 01:19:58.500
have to operate like any carrier

01:19:58.735 --> 01:20:00.970
in that location with space with
respect to that location?

01:20:01.505 --> 01:20:03.973
>>speaker: that's right.
>>sup. Todd spitzer: they could

01:20:04.541 --> 01:20:06.541
go through normal channels and

01:20:06.711 --> 01:20:09.312
we monitor all flight cracks.
>>speaker: systems processes

01:20:10.548 --> 01:20:13.160
and procedures in place yes.
>>sup. Todd spitzer: and with

01:20:14.151 --> 01:20:16.151
respect to see the capacity that

01:20:17.655 --> 01:20:19.655
is with the existing map that is

01:20:20.257 --> 01:20:23.159
approved in the agreement and
expansion?
>>speaker: that's correct.

01:20:23.227 --> 01:20:26.960
>>sup. Todd spitzer: is there
anything that's in this plan

01:20:26.464 --> 01:20:28.799
outside of the protective
measures that the board has

01:20:30.935 --> 01:20:32.935
already approved with respect to

01:20:32.937 --> 01:20:35.171
the operation of the airport?
>>speaker: no.

01:20:35.306 --> 01:20:38.174
>>sup. Todd spitzer: so it's
all consistent.

01:20:39.543 --> 01:20:41.947
>>speaker: operating, outside
of the unique environment that's

01:20:41.947 --> 01:20:43.714
the only caveat.
>>sup. Todd spitzer: we know

01:20:45.283 --> 01:20:47.283
that all the safety measures

01:20:49.621 --> 01:20:52.523
included in the fbo
po and

01:20:52.924 --> 01:20:54.792
screening is all covered?
This plan?

01:20:56.127 --> 01:20:57.794
>>speaker: with regulations.
>>sup. Todd spitzer: my

01:21:00.199 --> 01:21:02.133
question to you, is there
anything outside of the

01:21:02.801 --> 01:21:04.801
regulatory parameters, with

01:21:04.836 --> 01:21:06.836
respect to this carrier, in any

01:21:06.938 --> 01:21:08.938
way, is there any aberration,

01:21:09.407 --> 01:21:11.407
anything outlined from how we

01:21:13.111 --> 01:21:14.645
operate from the airport in any
way whatsoever?

01:21:15.380 --> 01:21:17.650
>>speaker: only that they are
not operating out of the

01:21:17.650 --> 01:21:20.218
terminal.
>>sup. Todd spitzer: but we do

01:21:22.654 --> 01:21:24.654
that every day out of the fbo?

01:21:25.891 --> 01:21:28.759
>>speaker: we do that on an
everyday basis. The plan is

01:21:30.529 --> 01:21:32.463
unique and it makes us call this
a scheduled commercial

01:21:33.398 --> 01:21:35.398
operation. In that guise, yes

01:21:35.601 --> 01:21:37.601
it's a little unique that it

01:21:39.500 --> 01:21:41.500
operates out of fbo but charters

01:21:42.208 --> 01:21:44.275
operate out of fbos everyday.
>>sup. Todd spitzer: I just

01:21:45.177 --> 01:21:47.412
want to make a statement, this
niche service, when are it came

01:21:49.848 --> 01:21:51.848
to my attention that we could

01:21:53.119 --> 01:21:55.119
have an opportunity to offer

01:22:00.593 --> 01:22:02.861
this out of john wayne I was
ecstatic. The fact that you

01:22:04.564 --> 01:22:06.564
could fly commercial if you want

01:22:06.599 --> 01:22:09.100
with 300 other passengers or
most people cannot fly in a

01:22:09.636 --> 01:22:11.636
private jet, right?

01:22:13.440 --> 01:22:15.440
It's so out of their reach,

01:22:15.508 --> 01:22:17.976
financially, that they couldn't
neither afford it nor have the

01:22:18.211 --> 01:22:20.846
relationships with people who
have access to those private

01:22:24.784 --> 01:22:27.860
jets, so by allowing people to
have that kind of experience

01:22:27.788 --> 01:22:30.256
here in orange county, I think
that's going to go crazy. I

01:22:32.580 --> 01:22:34.493
think this is going to be
phenomenal for current and the

01:22:36.530 --> 01:22:38.864
fact that fbo and county is
operating with such excellence

01:22:39.466 --> 01:22:41.466
not only with the model but

01:22:42.235 --> 01:22:44.638
operations on a daily basis, I
was very familiar -- in fact

01:22:46.106 --> 01:22:48.106
it's not on the record but part

01:22:50.311 --> 01:22:52.311
of our attachment, they did an

01:22:52.713 --> 01:22:54.713
eir, originally being requested

01:22:58.285 --> 01:23:00.285
to park at john wayne airport

01:23:02.723 --> 01:23:04.723
but the engineer did a study

01:23:05.126 --> 01:23:07.294
shows that there will be no
additional impactor traffic it

01:23:08.429 --> 01:23:10.429
will be minimal as a result of

01:23:10.598 --> 01:23:13.433
of this plan and that will be
monitored so for example, if

01:23:15.102 --> 01:23:17.102

people don't come with uber or

01:23:18.238 --> 01:23:20.238
other kinds of third party to

01:23:21.810 --> 01:23:23.810
that and that's not part of that

01:23:23.945 --> 01:23:26.680
plan it will have to be
revisited. I want to thank you

01:23:27.715 --> 01:23:29.715
for your leadership and this is

01:23:30.217 --> 01:23:32.552
going to be outstanding the
county is going to be better as

01:23:34.255 --> 01:23:36.658
a result of offering this
service.

>>sup. Andrew do, chair:
supervisor bartlett?

01:23:36.658 --> 01:23:38.658
>>sup. Lisa a. Bartlett: we

01:23:38.960 --> 01:23:40.960
have the interim leases now

01:23:41.463 --> 01:23:43.463
throughout fbo's through atlantic

01:23:44.980 --> 01:23:46.667
and also through aci so I would
request that, because we have

01:23:49.370 --> 01:23:51.370
the long-term fbo, rfps going

01:23:52.774 --> 01:23:54.774
out, if this starts July 1st it

01:23:58.680 --> 01:24:01.315
needs to cotermin with the interim
leases.
>>speaker: it is.

01:24:01.383 --> 01:24:03.383
>>sup. Lisa a. Bartlett: great.

01:24:03.919 --> 01:24:06.787
And as I understand the
passenger planes hold 30
passengers?

01:24:07.355 --> 01:24:09.355
>>speaker: in the configuration

01:24:12.328 --> 01:24:13.928
that deluxe intends to fly
fly they

01:24:15.640 --> 01:24:17.632

can fly a little bit more but
they can expand the see thing

01:24:18.434 --> 01:24:20.434
room for the passengers by

01:24:20.736 --> 01:24:22.470
having fewer seats.
>>sup. Lisa a. Bartlett: so

01:24:23.672 --> 01:24:26.507
we're anticipating the passenger
planes can hold 30 passengers if

01:24:28.310 --> 01:24:30.745
they start to get up to 70 and
above you're talking about

01:24:34.684 --> 01:24:36.684
competing with southwest and

01:24:38.788 --> 01:24:40.788
others. Barry just mentioned

01:24:40.989 --> 01:24:42.423
something that's a little
different.

01:24:43.920 --> 01:24:45.293
>>speaker: I'm sorry for the
confusion.
>>sup. Andrew do, chair: talk

01:24:46.529 --> 01:24:48.664
one at a time. Please answer
that question please.

01:24:49.566 --> 01:24:51.566
>>speaker: capable of handling

01:24:53.570 --> 01:24:56.405
more than 30 seats, to the
intent, it will hold only 30

01:24:57.730 --> 01:24:59.841
seats, that should not change
even if it did it would be just

01:25:00.976 --> 01:25:03.845
by a couple of seats.
>>sup. Lisa a. Bartlett: I
think it's important to

01:25:05.248 --> 01:25:07.750
designate that we are looking at
around 30 seats because if they

01:25:09.152 --> 01:25:11.152
are flying in and out on a

01:25:11.488 --> 01:25:13.488
regular basis and they increase

01:25:14.257 --> 01:25:16.257
the size of the jet for

01:25:16.626 --> 01:25:18.626
instance, then they're sort of

01:25:21.331 --> 01:25:23.800
competing with the commercial
airlines and some supervisor

01:25:26.436 --> 01:25:29.138
district she will get calls
about airlines flying in and out

01:25:31.274 --> 01:25:33.274
of the airports that are larger

01:25:35.478 --> 01:25:37.847
than the fbos so we need to have
parameters around that.

01:25:37.847 --> 01:25:40.490
>>speaker: thank you.
>>sup. Andrew do, chair: barry,

01:25:41.919 --> 01:25:44.521
I am supportive of this item but
I think it's important given the

01:25:47.791 --> 01:25:50.660
concern expressed about safety,
expressly by supervisor steel

01:25:51.461 --> 01:25:53.930
and indirectly throughout size
of the jets being operated

01:25:55.165 --> 01:25:57.165
through the fbo, I think it's

01:26:03.474 --> 01:26:05.474
important, barry, to entertain

01:26:05.609 --> 01:26:07.609
explain to the board, I think

01:26:08.679 --> 01:26:10.679
the earlier question, with

01:26:13.685 --> 01:26:15.685
reference to regulatory body,

01:26:16.654 --> 01:26:18.654
would jet suites be operating

01:26:18.690 --> 01:26:20.690
outside of any regulatory

01:26:22.760 --> 01:26:24.760
structure that is not currently

01:26:25.163 --> 01:26:27.163
operating at the airport and

01:26:28.265 --> 01:26:30.265
it's important to discriminate

01:26:31.903 --> 01:26:33.903
through regulations through tsa

01:26:35.600 --> 01:26:37.600
scheduled airliner as opposed to

01:26:37.275 --> 01:26:39.510
fbo it's important because they
are different so there is no

01:26:41.713 --> 01:26:43.713
mistake here that there is only

01:26:44.882 --> 01:26:47.718
one regulation plying to
different operations. They are

01:26:48.520 --> 01:26:50.288
different regulations right?
>>speaker: there are a number

01:26:52.558 --> 01:26:54.558
of regulations with the tsa that

01:26:55.127 --> 01:26:57.127
provide rule making for safety

01:26:59.631 --> 01:27:01.631
on a whole range of aircrafts

01:27:02.801 --> 01:27:04.902
with experimental to general
aviation to this type of

01:27:05.570 --> 01:27:07.570
operation as well as to

01:27:07.673 --> 01:27:09.673
commercial, so as a big body of

01:27:10.976 --> 01:27:12.976
law, and yes, the regulations

01:27:13.479 --> 01:27:15.479
that pertain to the other

01:27:15.481 --> 01:27:17.481
commercial aircraft that you

01:27:18.160 --> 01:27:20.160
will see operating out of our

01:27:20.352 --> 01:27:22.887
terminal are a different set of
regulation that govern commuter

01:27:24.357 --> 01:27:26.357
-- not commuterer but charter

01:27:26.459 --> 01:27:28.126
aircraft, which is this.
>>sup. Andrew do, chair:

01:27:28.594 --> 01:27:30.594
exactly. And where this comes

01:27:30.896 --> 01:27:32.896
into play and it comes into

01:27:32.898 --> 01:27:34.898
supervisor bartlett's question,

01:27:36.569 --> 01:27:38.569
is on an annual basis this

01:27:38.604 --> 01:27:40.604
operation proposed here will

01:27:41.441 --> 01:27:44.770
have over 60,000 passengers a
year, right?
>>speaker: it could.

01:27:44.770 --> 01:27:46.745
>>sup. Andrew do, chair: and
with larger jets that capacity

01:27:47.814 --> 01:27:49.814
May increase and we May have

01:27:50.683 --> 01:27:53.418
operators in the future that May
ask for that same kind of

01:27:54.720 --> 01:27:56.720
service through other fbos and

01:27:56.756 --> 01:27:59.359
at some point it's going to get
into security concerns that

01:27:59.359 --> 01:28:01.359
supervisor steel expressed which

01:28:01.428 --> 01:28:03.428
is given the lower level of

01:28:04.497 --> 01:28:06.497
security required by tsa for a

01:28:07.000 --> 01:28:09.000
charter operation out of fbo,

01:28:11.871 --> 01:28:14.706
lower than what they normally
require for schedule commercial

01:28:15.174 --> 01:28:18.111
airliner, that's the concern
they hear expressed on this

01:28:19.913 --> 01:28:22.181
board, is as we go along, and
this capacity increases, and we

01:28:23.183 --> 01:28:26.510
are dealing with more and more
passengers going through the

01:28:27.687 --> 01:28:30.622

fbo, that has a lower level of security as required by tsa that

01:28:32.580 --> 01:28:34.580
we have to make sure that our

01:28:34.495 --> 01:28:37.230
security measures are adequate for our protection. That's what

01:28:38.232 --> 01:28:40.600
I'm hearing up here.
>>speaker: okay.
>>sup. Andrew do, chair: okay.

01:28:41.501 --> 01:28:43.903
So just keep that in mind. I want to make sure that we don't

01:28:44.204 --> 01:28:46.204
think there is online one

01:28:48.475 --> 01:28:50.475
regulation that ply

01:28:52.346 --> 01:28:54.346
applies to fbo

01:28:57.417 --> 01:29:00.190
and tsa that's important.
>>sup. Lisa a. Bartlett: move the item.

01:29:00.488 --> 01:29:01.888
>>sup. Michelle steel: I'll second.

01:29:04.958 --> 01:29:06.693
>>sup. Andrew do, chair: any opposition?

01:29:14.101 --> 01:29:16.101
That item passes.

01:29:21.242 --> 01:29:23.911
Number 15 please.
Number 15 please.
>>clerk of the board, robin stielor: approve amendment one

01:29:23.911 --> 01:29:26.348
to extend agreement with dunbar armored, inc. For armored car services, \$1,100,000); and authorize

01:29:26.348 --> 01:29:28.450
county procurement officer or authorized deputy to execute amendment-all districts.

01:29:28.450 --> 01:29:30.885
>>sup. Andrew do, chair: this is all districts item.
>>sup. Lisa a. Bartlett: move

the item.

01:29:30.885 --> 01:29:32.885
>>sup. Shawn nelson, vice chair:

01:29:35.120 --> 01:29:37.958
second.
>>sup. Andrew do, chair: any
opposition?
That item passes. I'm going to
take number 21 first and then
16
subsequent. Please read number

01:29:45.501 --> 01:29:48.103
21 Madam Clerk.
21 Madam Clerk.
>>clerk of the board, robin

wcb0418

01:29:54.643 --> 01:29:56.845

additional one-year terms; and
authorize director or designee

01:29:56.845 --> 01:29:58.845
to execute individual agreements

01:30:07.389 --> 01:30:09.691
-all districts.
>>sup. Andrew do, chair:
supervisor spitzer the

01:30:09.958 --> 01:30:11.958
relationship I call number 21

01:30:13.428 --> 01:30:15.428
first is rfp conducted by ssa

01:30:16.698 --> 01:30:18.698
but also covers services paid

01:30:18.901 --> 01:30:20.901
for by health care services

01:30:25.307 --> 01:30:27.307
agency. So 16 will be self

01:30:29.311 --> 01:30:31.311
explain

01:30:31.313 --> 01:30:33.313
explained. Method to the

01:30:34.416 --> 01:30:36.840
madness. All-district item.
Any opposition?

01:30:38.354 --> 01:30:40.354
That item passes. Number 16 now

01:30:44.600 --> 01:30:46.529

please.

Please.

>>clerk of the board, robin
stieler: health care agency-

01:30:46.529 --> 01:30:49.298

approve master agreement with
various providers for wraparound
behavioral health outpatient
services,

01:30:49.298 --> 01:30:51.600

services,
exceed 10% under certain
conditions and execute
individual agreements-all

01:30:51.600 --> 01:30:54.710

districts.

We do have one speaker request.

01:30:54.710 --> 01:30:56.673

>>sup. Andrew do, chair: please
call the speaker at this time.

01:30:56.673 --> 01:30:58.673

>>clerk of the board, robin

01:31:13.957 --> 01:31:15.957

stieler: david duran.

01:31:15.959 --> 01:31:18.194

>>speaker: I would like some
consideration given to the

01:31:19.496 --> 01:31:21.496

director, and to the vetting

01:31:24.534 --> 01:31:27.336

process of the health services
agencies. I have been on the

01:31:27.703 --> 01:31:29.703

streets and been at several of

01:31:30.875 --> 01:31:32.875

the facilities that are

01:31:33.310 --> 01:31:35.310

currently supposed to be taken

01:31:37.247 --> 01:31:39.247

care of, people who are poor,

01:31:40.170 --> 01:31:42.170

the homeless, and to let you

01:31:44.788 --> 01:31:46.788

know the reports that I get,

01:31:48.225 --> 01:31:50.927

that they haven't even seen
health service agent let alone

01:31:53.631 --> 01:31:55.631
received any services at all. I

01:31:56.133 --> 01:31:59.350
have got video of -- not to be
fair, it wasn't the county, but

01:32:00.337 --> 01:32:02.337
a non-profit that so many of you

01:32:02.974 --> 01:32:04.974
have praised, a video of a

01:32:05.844 --> 01:32:07.844
non-profit allowing a lady in a

01:32:07.879 --> 01:32:09.879
wheelchair, that she's been in a

01:32:10.782 --> 01:32:13.717
home for six months, in a
wheelchair, and she's been

01:32:16.420 --> 01:32:18.420
forced to crawl down the steps,

01:32:20.759 --> 01:32:23.594
crawl up the steps, lower her
wheelchair, raise her

01:32:24.663 --> 01:32:26.663
wheelchair, so this facility is

01:32:28.660 --> 01:32:30.660
not ada compliant, and the

01:32:32.300 --> 01:32:34.938
non-profit till allows this. So
it's evident that the county is

01:32:36.541 --> 01:32:38.809
not really doing a good job of
vetting the non-profits that

01:32:39.744 --> 01:32:41.744
they contract with, to provide

01:32:42.681 --> 01:32:44.681
services to those who are

01:32:45.250 --> 01:32:47.250
physically and mentally ill. So

01:32:47.719 --> 01:32:49.719
that's just one example. In

01:32:50.488 --> 01:32:52.488
your due diligence, if in fact

01:32:54.526 --> 01:32:56.526
that's what you do, do a better

01:32:57.429 --> 01:32:59.998
job of look into who is

providing services. Do a better

01:33:02.434 --> 01:33:04.434
job of checking out the

01:33:04.937 --> 01:33:07.605
non-profits. That's not a
blanket comment that all

01:33:07.906 --> 01:33:09.906
non-profits aren't good. That's

01:33:12.611 --> 01:33:14.611
not my point. My point is there

01:33:14.881 --> 01:33:16.881
are people suffering as a result

01:33:19.318 --> 01:33:21.318
of gaps. Because those gaps are

01:33:22.488 --> 01:33:24.489
created because there is no
oversight. So if you in fact

01:33:28.460 --> 01:33:30.460
want to sit in your chairs and

01:33:30.630 --> 01:33:32.630
be reelected or be at least

01:33:33.990 --> 01:33:35.990
proud of what you are doing for

01:33:35.168 --> 01:33:37.168
the community, go a little extra

01:33:38.638 --> 01:33:40.638
step, if you will. Hire

01:33:40.807 --> 01:33:43.408
somebody, at least, that is
objective, that isn't on the

01:33:46.178 --> 01:33:48.178
take or isn't dependant on

01:33:49.349 --> 01:33:51.984
county money. Hire somebody to
oversee some of these programs,

01:33:53.520 --> 01:33:55.821
to oversee and investigate.
Because I will tell you and

01:33:57.223 --> 01:33:59.223
there is proof we have some very

01:33:59.859 --> 01:34:01.859
well named non-profits or a

01:34:02.128 --> 01:34:03.996
non-profit that is not in 100
percent compliance and people

01:34:04.830 --> 01:34:06.830
are suffering. So please do a

01:34:08.669 --> 01:34:11.700
better job. Thank you.
>>sup. Andrew do, chair:

01:34:12.406 --> 01:34:14.607
supervisor bartlett?
>>sup. Lisa a. Bartlett: do we

01:34:17.677 --> 01:34:19.677
have someone from health care

01:34:21.948 --> 01:34:24.284
agency here?
Richard, quick question, I know

01:34:24.685 --> 01:34:26.685
this has to do with the children

01:34:27.387 --> 01:34:30.356
that be put into an environment
to try to stabilize their family

01:34:30.424 --> 01:34:32.424
setting, but when you are

01:34:33.270 --> 01:34:35.528
talking about placement in a
residential treatment home or

01:34:36.830 --> 01:34:39.732
juvenile correction facility, do
we have a site visit to make

01:34:41.268 --> 01:34:43.737
sure that there is ada
compliance and that sort of

01:34:47.441 --> 01:34:49.709
thing before we place children
in those places.

01:34:50.100 --> 01:34:52.278
>>speaker: I would have to
check with staff on that in

01:34:54.948 --> 01:34:57.160
terms of the ada compliance
specifically. I don't know that

01:34:57.418 --> 01:34:59.418
it's actually the health care

01:34:59.554 --> 01:35:01.554
agency that places in the home,

01:35:01.556 --> 01:35:04.157
actually, this is -- we provide
the mental health services, this

01:35:08.863 --> 01:35:11.364
is a placement done by an ssa.
>>sup. Lisa a. Bartlett: okay

01:35:15.350 --> 01:35:17.938

that would be mike ryan.

>>speaker: good morning mike

01:35:24.245 --> 01:35:26.245

ryan, the goal is to have them

01:35:27.682 --> 01:35:29.682

move away and back. All

01:35:29.884 --> 01:35:32.453

licensing makes sure they meet
all the regulations.

01:35:32.453 --> 01:35:34.922

>>sup. Lisa a. Bartlett: back
in the setting and the

01:35:35.900 --> 01:35:37.900

residence, obviously it's up to

01:35:37.860 --> 01:35:39.860

the family to accommodate those

01:35:42.698 --> 01:35:44.698

types of things for the child.

01:35:45.000 --> 01:35:47.000

Looking at the statistics I want

01:35:47.736 --> 01:35:49.736

to commend the health care

01:35:50.171 --> 01:35:52.171

agency and also the social

01:35:52.842 --> 01:35:54.842

services agency you have a rate

01:35:56.612 --> 01:35:58.612

of 76 percent of the clients

01:35:58.614 --> 01:36:00.614

served stabilized in their

01:36:00.683 --> 01:36:02.984

facility that's a high
percentage, I know it's

01:36:04.119 --> 01:36:06.221

challenging and that's a high
percentage number so good job

01:36:06.221 --> 01:36:08.656

there.

>>speaker: thank you.

>>sup. Lisa a. Bartlett: with

01:36:10.626 --> 01:36:12.761

that I'll move the item.

>>sup. Shawn nelson, vice chair:
second.

01:36:12.795 --> 01:36:15.463

>>sup. Andrew do, chair: any
opposition. That item passes.

01:36:16.465 --> 01:36:19.101
Number 17.
Exceed 10% under certain
conditions and to execute
agreement-all districts

01:36:19.101 --> 01:36:21.101
(Continued from 5/8/18, item 29;

01:36:28.811 --> 01:36:30.811
5/22/18, item 33).

01:36:30.847 --> 01:36:32.614
>>sup. Andrew do, chair: all
districts item.

01:36:33.583 --> 01:36:36.184
>>sup. Todd spitzer: move it.
>>sup. Lisa a. Bartlett:
second.

01:36:36.552 --> 01:36:37.952
>>sup. Andrew do, chair: any
opposition?

01:36:38.587 --> 01:36:40.587
That item passes.

01:36:40.789 --> 01:36:43.293
Number 18.
>>clerk of the board, robin
stieler:

01:36:43.293 --> 01:36:45.594
conditions and to execute
agreement-district 1
(Continued from 5/22/18, item

01:36:56.940 --> 01:36:58.940
28).

01:36:59.308 --> 01:37:01.844
We do have four speaker
requests.
>>sup. Andrew do, chair: please

01:37:05.315 --> 01:37:06.983
call the speakers at this time.
>>clerk of the board, robin

01:37:11.655 --> 01:37:13.655
stieler: first two are

01:37:18.229 --> 01:37:20.290
Councilman Desento and david
duran.

01:37:20.297 --> 01:37:22.297
>>speaker: good morning

01:37:23.467 --> 01:37:25.568
supervisors, the commute was

long this morning but

01:37:26.770 --> 01:37:28.770
nevertheless I want to address

01:37:31.742 --> 01:37:34.443
the council that represents the
ward where the mental health

01:37:35.446 --> 01:37:37.948
services are held. Thank you
for the efforts that address

01:37:39.216 --> 01:37:41.518
this critical problem having to
deal with mental health. We

01:37:43.187 --> 01:37:45.688
know it's a complex issue, and
more importantly it's difficult

01:37:46.624 --> 01:37:48.624
and complex on where to house

01:37:48.859 --> 01:37:51.728
and have facilities so as you
know santa ana is trying to do

01:37:52.697 --> 01:37:54.697
its best to work with the county

01:37:54.766 --> 01:37:56.766
in making sure that these

01:37:56.868 --> 01:37:59.169
complex issues are addressed but
we have submitted letters to you

01:37:59.937 --> 01:38:02.706
in the past one that was
submitted just yesterday, I

01:38:03.908 --> 01:38:05.908
believe, from the city manager,

01:38:07.345 --> 01:38:09.345
and one on the 21st, I believe,

01:38:09.613 --> 01:38:12.160
of May when the item was first
considered. In essence we

01:38:12.150 --> 01:38:14.150
believe that the mission is a

01:38:15.520 --> 01:38:17.520
sound one. We know that mental

01:38:18.456 --> 01:38:20.456
health is obviously a contribute

01:38:21.693 --> 01:38:24.328
contributing factor to our
homeless population in our city

01:38:25.296 --> 01:38:27.864
and county. But there are
impacts that we have felt as a

01:38:28.433 --> 01:38:30.433
result of the operation. So we

01:38:30.536 --> 01:38:32.536
appeal to you, and compel to you

01:38:33.538 --> 01:38:35.974
to consider some mitigating
measures that will hopefully

01:38:35.974 --> 01:38:37.974
address some of the problems

01:38:40.645 --> 01:38:42.645
that businesses have had, some

01:38:42.714 --> 01:38:45.449
of the problems residents have
had and folks who live and work

01:38:47.653 --> 01:38:49.454
in that area: and Chairman Do
when you were first appointed

01:38:52.357 --> 01:38:54.692
and came to the board you were
gracious enough to have a

01:38:55.794 --> 01:38:57.794
meeting with me to address

01:38:58.300 --> 01:39:00.300
concerns, believe it was three

01:39:00.599 --> 01:39:02.599
years ago with respect to mental

01:39:06.105 --> 01:39:08.105
health, so I think mobile

01:39:08.107 --> 01:39:10.107
both agencies

01:39:10.242 --> 01:39:12.242
are committed to make sure

01:39:12.311 --> 01:39:14.311
patients are addressed, we know

01:39:17.783 --> 01:39:19.783
that folks come in on voluntary

01:39:22.689 --> 01:39:24.689
basis and sometimes are not

01:39:25.240 --> 01:39:27.240
coinciding with schools, monroe

01:39:29.950 --> 01:39:31.950
elementary and caesar chavez

01:39:31.297 --> 01:39:34.650
very close to that site. Those
should be considered. We don't

01:39:35.101 --> 01:39:37.869
think it's an ideal site and we
commit our staff to work with

01:39:40.207 --> 01:39:43.420
your staff to see about an
alternative site. I know

01:39:43.576 --> 01:39:46.111
working together we have find a
location that's more suitable,

01:39:46.579 --> 01:39:48.579
but more than anything we would

01:39:50.160 --> 01:39:52.184
like you to consider maybe not
committing to the three year

01:39:53.319 --> 01:39:55.754
obligation right now, but maybe
doing a month to month or

01:39:55.989 --> 01:39:57.989
something that's short of the

01:39:58.258 --> 01:40:00.258
three years so that we can work

01:40:01.461 --> 01:40:03.629
together on a more suitable
compatible site for the

01:40:04.970 --> 01:40:06.970
environment. So thank you very

01:40:06.990 --> 01:40:08.701
much for that and for take our
letters into consideration.

01:40:08.769 --> 01:40:10.769
>>sup. Andrew do, chair: I have

01:40:13.374 --> 01:40:15.374
some questions Councilman.

01:40:15.910 --> 01:40:18.578
Thank you for coming in. The
letter from the city dated

01:40:19.813 --> 01:40:22.480
yesterday was for us to
terminate our agreement with

01:40:22.115 --> 01:40:24.884
this service provider. So what
are you saying?

01:40:26.286 --> 01:40:28.286
What is your ask today?

01:40:28.655 --> 01:40:31.425
>>speaker: my ask today is,
short of terminating and maybe

01:40:33.761 --> 01:40:35.428
one of the staff can come up as
well --

01:40:36.530 --> 01:40:38.530
>>sup. Andrew do, chair: I am

01:40:41.135 --> 01:40:43.135
reading verbatim, the county

01:40:44.338 --> 01:40:46.373
refrain from entering in an
agreement with noncompliant is

01:40:46.373 --> 01:40:48.875
that --
>>speaker: I would say to the

01:40:49.911 --> 01:40:51.911
extent that you work with this

01:40:52.113 --> 01:40:54.113
service provider to become

01:40:54.849 --> 01:40:57.484
compliant if there is compliance
then obviously you work with us

01:40:59.921 --> 01:41:01.921
to see about relocating folks.

01:41:01.956 --> 01:41:04.925
There are some things they
didn't mention with compliance

01:41:06.461 --> 01:41:08.461
problems we mentioned in our

01:41:09.300 --> 01:41:11.665
May 21st letter, still not
compliant --
>>sup. Andrew do, chair: we is

01:41:12.534 --> 01:41:14.534
go over it with staff but sort

01:41:14.669 --> 01:41:17.437
it out with me are you asking us
to terminate this contract or

01:41:21.142 --> 01:41:23.978
not because the letter says to
terminate.
>>speaker: it does --

01:41:24.213 --> 01:41:26.414
>>sup. Andrew do, chair: what's
your ask?

01:41:27.215 --> 01:41:29.215
>>speaker: good morning chair,

01:41:31.586 --> 01:41:34.121
this is robert cortez deputy
supervisor for santa ana.

01:41:34.823 --> 01:41:37.758
Solutions to issues that we're
having it was not to terminate

01:41:38.426 --> 01:41:40.160
the agreement.
>>sup. Andrew do, chair: I'm

01:41:43.198 --> 01:41:45.700
reading verbatim am I misreading
the letter?

01:41:48.170 --> 01:41:50.171
>>speaker: I think it May be a
misinterpretation of the

01:41:51.730 --> 01:41:53.775
language. More time in order to
fiend a solution, month to

01:41:55.177 --> 01:41:58.780
month, if you are amenable to
that it would be agreeable as

01:41:59.150 --> 01:42:01.150
well. In reference to the code

01:42:02.518 --> 01:42:04.518
violations that we reference

01:42:04.587 --> 01:42:06.521
here in the letter. All we ask
is --

01:42:06.789 --> 01:42:08.789
>>sup. Andrew do, chair: I am

01:42:09.958 --> 01:42:11.958
reading here it says that we are

01:42:14.290 --> 01:42:16.290
requesting that the county

01:42:17.500 --> 01:42:19.268
reframe from entering into an
agreement.

01:42:19.936 --> 01:42:22.637
>>speaker: let me clarify
Chairman, I think that we would

01:42:24.674 --> 01:42:26.674
not want you to terminate but at

01:42:27.310 --> 01:42:30.245
least delay entering into a
three year obligation that is

01:42:31.881 --> 01:42:33.917
the ask because there are some

issues surrounding this

01:42:33.917 --> 01:42:35.684
relationship.
>>sup. Andrew do, chair: okay

01:42:39.656 --> 01:42:42.624
and before I ask -- go into the
violations, in the last two

01:42:45.728 --> 01:42:47.728
years alone mha has referred

01:42:48.631 --> 01:42:50.631
over 3,000 people to supportive

01:42:50.901 --> 01:42:52.901
services and these statistics

01:42:54.438 --> 01:42:56.438
that I'm citing, they all exceed

01:42:57.207 --> 01:42:59.207
the levels with contracts with

01:43:01.511 --> 01:43:03.511
us. The link of 253 individuals

01:43:05.715 --> 01:43:08.518
to relocation services 194
individuals to permanent

01:43:12.389 --> 01:43:14.389
housing. 184 vet renes into

01:43:15.926 --> 01:43:17.926
multi-services, 192 vet renes to

01:43:19.897 --> 01:43:22.665
vet renes affairs resources, 185
through mental health services

01:43:26.370 --> 01:43:28.370
and 62 individuals into planning

01:43:29.307 --> 01:43:31.307
permanent employment. This is a

01:43:31.609 --> 01:43:33.609
necessary service and the city

01:43:34.645 --> 01:43:36.645
of santa ana has been working to

01:43:37.982 --> 01:43:39.982
build a system of care. You

01:43:40.417 --> 01:43:42.417
have heard my commendations for

01:43:45.156 --> 01:43:47.156
the city of santa ana carrying

01:43:47.525 --> 01:43:49.525
its burden over the last four or

01:43:50.795 --> 01:43:52.729
five decades. I am confused,
because at this point as I have

01:43:53.998 --> 01:43:55.998
been working, this is my

01:43:57.101 --> 01:43:59.970
district, I have worked closely
with the mayor, in early in

01:44:00.973 --> 01:44:03.941
court with judge carter to build
the system of care and we're

01:44:04.576 --> 01:44:06.576
moving along and you all know

01:44:06.845 --> 01:44:08.845
that we're looking at possible

01:44:09.781 --> 01:44:11.781
solutions that May even be

01:44:12.784 --> 01:44:15.419
larger to accommodate a lot of
these concerns and I don't

01:44:15.553 --> 01:44:17.553
understand at this point, why

01:44:19.358 --> 01:44:21.358
would it be advisable for us to

01:44:23.662 --> 01:44:25.763
tinker with a service that is
successful?

01:44:26.310 --> 01:44:28.866
>>speaker: nobody is disputing
the fact that there is good work

01:44:29.701 --> 01:44:32.303
being done that's where I
premise my comments by saying

01:44:33.371 --> 01:44:35.406
it's a good thing that you are
supporting these efforts we're

01:44:36.909 --> 01:44:39.844
just saying that there is an
issue in service delivery and

01:44:41.914 --> 01:44:44.615
for ways to improve the service
delivery, we have families and

01:44:46.518 --> 01:44:48.518
kids that issue being impacted

01:44:48.787 --> 01:44:50.787
we have calls for service and

01:44:51.390 --> 01:44:53.390
bike trails that is inundated

01:44:53.726 --> 01:44:55.726
with encampments we want to be

01:44:56.195 --> 01:44:59.164
sure that if we can improve that
delivery we want to work with

01:45:01.667 --> 01:45:03.434
you and that's what that ask is.
>>sup. Andrew do, chair: and

01:45:05.204 --> 01:45:07.204
you pick a good day to come and

01:45:07.273 --> 01:45:10.141
speak on that point. Because a
lot of assertions have been made

01:45:10.744 --> 01:45:12.744
that the homeless issues, on

01:45:16.583 --> 01:45:18.583
main street, in the santa ana,

01:45:20.553 --> 01:45:22.553
is somehow has been the result

01:45:26.325 --> 01:45:28.325
of mhsh or mha site. This

01:45:28.829 --> 01:45:31.497
morning judge carter took a tour
of the armory in santa ana and

01:45:33.333 --> 01:45:35.333
the mha site and we had county

01:45:36.770 --> 01:45:38.770
counsel present and we have who

01:45:39.105 --> 01:45:41.105
went with the judge and I have

01:45:41.407 --> 01:45:43.407
comments back in the judge

01:45:43.976 --> 01:45:46.579
saying all he saw -- in fact I
don't want to speak for people.

01:45:47.514 --> 01:45:49.649
I want to describe what is it
you saw this morning and what

01:45:50.951 --> 01:45:52.951
were the comments on judge

01:45:53.920 --> 01:45:55.920
carter regarding the mha site?

01:45:56.890 --> 01:45:58.890
>>ceo kim: we did walk the mha

01:45:59.920 --> 01:46:01.427
site and he indicated that the
area appearing to clean and that

01:46:03.297 --> 01:46:05.297
it was in a cleaner continue

01:46:05.365 --> 01:46:08.234
that he had previously viewed in
terms of the visible sign of

01:46:09.203 --> 01:46:11.304
homelessness that we saw one or
two individuals along the street

01:46:13.874 --> 01:46:16.809
in that area that were close to
recycling center and individuals

01:46:17.544 --> 01:46:19.544
had cans and bottles and

01:46:20.348 --> 01:46:22.916
appeared to be pursuing that
recycling opportunity.
>>sup. Andrew do, chair: okay

01:46:23.618 --> 01:46:25.485
and there has been a lot of
statements made that the

01:46:26.687 --> 01:46:29.122
homeless on main street,
basically spill over from the

01:46:29.523 --> 01:46:31.523
santa ana armory, did you

01:46:31.559 --> 01:46:33.559
observe that this morning or did

01:46:33.961 --> 01:46:35.961
judge carter say anything about

01:46:37.932 --> 01:46:39.932
that?

01:46:43.171 --> 01:46:45.238
>>ceo kim: we were there around
5:15 and when the doors opened

01:46:46.707 --> 01:46:48.707
to let out, there were 100

01:46:49.443 --> 01:46:52.178
individuals that pursued safe
sleep opportunities there

01:46:52.680 --> 01:46:54.680
yesterday evening and at least

01:46:57.185 --> 01:46:59.185
what I witnessed I saw one

01:47:00.550 --> 01:47:02.556
individual walk out on foot
headed east toward dell high

01:47:03.658 --> 01:47:05.926
park area, and I saw three
individuals that headed west on

01:47:08.529 --> 01:47:10.397
the street, they were less than
five individuals that remain in

01:47:11.833 --> 01:47:13.833
the parking lot, all the

01:47:17.506 --> 01:47:20.410
remaining of the 110 boarded
public transportation buses and

01:47:21.209 --> 01:47:23.711
I think there is drop offs on
flower street and one other area

01:47:25.446 --> 01:47:28.282
in santa ana. So I did not view
large numbers of individuals

01:47:29.384 --> 01:47:31.384
that left the facility on foot

01:47:31.587 --> 01:47:34.255
at least during the time I was
there.

>>sup. Andrew do, chair:
perfect. Thank you.

01:47:38.494 --> 01:47:40.494
>>speaker: can I just share

01:47:43.332 --> 01:47:45.700
some numbers that our staff has
accumulated?
>>sup. Andrew do, chair: sure.

01:47:47.637 --> 01:47:50.380
>>speaker: we have had 150
calls for service directly tied

01:47:51.541 --> 01:47:54.342
to the area between warner and
dire, which is directly related

01:47:54.810 --> 01:47:56.810
to all the homelessneses that

01:47:59.315 --> 01:48:01.783
we're facing in that specific
vicinity.
>>speaker: thank you and just

01:48:03.385 --> 01:48:05.988
in closing, Chairman, thank you
for the ability again to address

01:48:07.657 --> 01:48:10.592

in an expanded manner. We
certainly don't believe and with

01:48:11.270 --> 01:48:13.270
all due respect would disagree

01:48:13.529 --> 01:48:15.529
that the problem is a minor one,

01:48:15.631 --> 01:48:18.233
it is a severe problem in our
city and you have been working

01:48:19.235 --> 01:48:21.235
hard with the judge and our

01:48:23.573 --> 01:48:25.573
staff and with our mayor we want

01:48:26.543 --> 01:48:28.543
to let you know with regard to

01:48:30.480 --> 01:48:33.150
what was seen at 5:15 in the
morning, when you see later in

01:48:34.217 --> 01:48:36.451
the day it's a much different
reality. There are residents

01:48:37.253 --> 01:48:40.880
who are fearful to come out of
their homes. I wanted to share

01:48:42.726 --> 01:48:44.726
with you as a constituent of the

01:48:45.195 --> 01:48:46.963
represents who live in the area.
>>sup. Andrew do, chair: it's

01:48:48.131 --> 01:48:50.131
important that we get the facts

01:48:51.670 --> 01:48:53.670
straight. I'm looking at

01:48:54.938 --> 01:48:56.938
pictures presented by your staff

01:48:57.241 --> 01:49:00.760
and these are encampments and
it's critical to understand the

01:49:02.450 --> 01:49:04.450
distinction when we talk about

01:49:06.550 --> 01:49:08.550
encampments when the accusation

01:49:09.587 --> 01:49:11.587
that these people come from the

01:49:11.755 --> 01:49:14.230
mha site, usually they don't

come out of the site with all of

01:49:14.859 --> 01:49:17.460
this with them. That just
doesn't make any sense. When

01:49:22.933 --> 01:49:25.269
you have someone with this kind
of encampment, that doesn't tell
me that this is no, nothing to

01:49:25.269 --> 01:49:27.269
indicate that they come or came

01:49:28.673 --> 01:49:30.673
from mha site. So just because

01:49:32.343 --> 01:49:34.343
we have homeless problem, which

01:49:34.379 --> 01:49:36.379
I understand is a heavy of

01:49:36.481 --> 01:49:38.848
problem something that has been
burdening santa ana for a long

01:49:41.452 --> 01:49:43.452
time. We have to have causation

01:49:43.921 --> 01:49:45.921
that these homeless encampments

01:49:48.920 --> 01:49:50.920
came from mha and I don't see

01:49:50.328 --> 01:49:53.264
evidence of it we have driven
the streets, judge carter same

01:49:53.765 --> 01:49:56.166
thing, I asked my staff to do
that because we have also worked

01:49:58.360 --> 01:50:00.671
with aca, jeff nagle is here,
and here -- and I will ask him

01:50:02.400 --> 01:50:04.400
to come up later to tell the

01:50:04.375 --> 01:50:06.676
public, all of the enhancement
in terms of services and

01:50:07.146 --> 01:50:10.114
security that we have provided
at that particular site, and so

01:50:14.190 --> 01:50:16.887
it is hard for me to understand
how the city connects this,

01:50:17.255 --> 01:50:19.255
which is the problem all over

01:50:21.293 --> 01:50:23.293
the city, it's not just the area

01:50:24.195 --> 01:50:26.195
you describe.

01:50:26.599 --> 01:50:29.267
Look at area around the outside
here. At the shelter right

01:50:30.302 --> 01:50:32.804
across the street we still have
lots of people milling around

01:50:33.839 --> 01:50:35.839
and so it's important that we do

01:50:36.542 --> 01:50:38.809
not lump this problem in with a
service center until we know for

01:50:39.611 --> 01:50:41.611
sure that this is the service

01:50:41.613 --> 01:50:44.583
center, and the way they operate
that contributes to this.

01:50:45.384 --> 01:50:47.685
>>speaker: right. So nobody is
saying that the only source of

01:50:49.822 --> 01:50:52.457
the problem is the mha facility
don't misunderstand what I'm

01:50:53.559 --> 01:50:55.559
saying I'm saying it's an

01:50:55.694 --> 01:50:57.694
element that's causing the

01:50:57.729 --> 01:50:59.729
problem in the region as well as

01:50:59.799 --> 01:51:01.799
the armory. I have driven to

01:51:05.138 --> 01:51:07.773
that site as well at 3:30 and
four, because it's an outlet

01:51:08.641 --> 01:51:11.343
agency and when kids are being
let out of school that's the

01:51:12.745 --> 01:51:14.745
impact I'm seeing by no means am

01:51:15.581 --> 01:51:17.581
I saying the entire problem or

01:51:17.951 --> 01:51:20.552
nexture to only mha is that

facility is not what I'm saying

01:51:21.321 --> 01:51:24.123
I'm saying it's one contributing
element that we should try to

01:51:26.760 --> 01:51:28.560
work as agencies to improve.
>>sup. Andrew do, chair: when I

01:51:29.395 --> 01:51:31.830
look at the letter from the city
what troubles me is that when

01:51:33.433 --> 01:51:35.433
you look at the so-called

01:51:35.736 --> 01:51:37.736
violations, I'm looking at this,

01:51:38.872 --> 01:51:40.872
a damaged fence, lack of proper

01:51:40.874 --> 01:51:42.874
sign maintenance, the need for

01:51:45.679 --> 01:51:47.679
restriping of parking area,

01:51:47.747 --> 01:51:50.683
insulation of landscaping.
Really?
For service this important and

01:51:50.950 --> 01:51:52.950
this is the kind of violations

01:51:53.154 --> 01:51:55.154
that you would rely on, would

01:51:55.156 --> 01:51:58.124
harp on, in order to ask us to
reconsider using this site?

01:52:00.628 --> 01:52:02.695
I don't understand it
Councilman. Why isn't there

01:52:04.798 --> 01:52:06.798
more of specific siting of

01:52:08.535 --> 01:52:10.535
actual violations?

01:52:11.105 --> 01:52:12.539
Like some kind of health, safety
violations.

01:52:13.507 --> 01:52:15.507
>>speaker: in addition the

01:52:15.743 --> 01:52:18.411
items mentioned there are
unpermitted work violations that

01:52:20.214 --> 01:52:21.981
are not included in the letter.
>>sup. Andrew do, chair:

01:52:23.517 --> 01:52:25.517
laundry services.

01:52:26.200 --> 01:52:28.200
>>speaker: those violations are

01:52:28.289 --> 01:52:30.289
for the proper owner it's not

01:52:32.694 --> 01:52:34.694
for mha, and I think the letter

01:52:35.963 --> 01:52:38.165
is tied to seeing assistance
from the county in order for us

01:52:38.733 --> 01:52:40.733
to engage with the property

01:52:41.335 --> 01:52:43.335
owner because that's where the

01:52:43.704 --> 01:52:46.400
issue is happening in terms of
violations.
>>sup. Andrew do, chair: okay.

01:52:47.909 --> 01:52:49.577
Thank you. Next speaker please.
>>clerk of the board, robin

01:52:50.445 --> 01:52:52.445
stieler: the last two are jeff

01:52:56.885 --> 01:52:58.885
brash and howard mirowitz.

01:52:59.454 --> 01:53:02.355
>>speaker: interesting to hear
that dialogue council member

01:53:02.758 --> 01:53:05.159
should have said we don't want
them there because that's what

01:53:09.970 --> 01:53:11.899
he's trying to say. But it's
also evident throughout all of

01:53:13.568 --> 01:53:15.769
my time here, coming to these
meeting that each and everyone

01:53:17.872 --> 01:53:20.408
of you have said that in some
shape, fashion, or form. Weaver

01:53:21.577 --> 01:53:24.379
don't want them here.
>>sup. Andrew do, chair: every
one of us?

01:53:24.613 --> 01:53:26.613

>>speaker: I have heard, and

01:53:28.751 --> 01:53:30.751

you are on record, for talking

01:53:31.453 --> 01:53:33.453

about crack houses, if you give

01:53:33.455 --> 01:53:36.257

them a house it's just going to
become a crack house. I could

01:53:37.126 --> 01:53:39.162

go on but I don't think you want
me to.

01:53:39.162 --> 01:53:40.595

>>sup. Andrew do, chair: please
continue.

01:53:42.265 --> 01:53:44.265

>>speaker: so to be fair, I

01:53:44.967 --> 01:53:46.534

didn't intend to come here to
criticize.

01:53:46.969 --> 01:53:48.636

>>sup. Andrew do, chair:
really?

01:53:49.405 --> 01:53:51.372

>>speaker: the -- uhm --

>>sup. Andrew do, chair: have

01:53:52.700 --> 01:53:53.774

you said anything
complimentaritous in the years

01:53:54.711 --> 01:53:56.778

that you have been here?

>>speaker: as a matter of fact

01:53:57.881 --> 01:53:59.881

I did, once. Yes. And it was

01:54:00.283 --> 01:54:02.283

to you, actually. I applauded

01:54:02.418 --> 01:54:04.418

you for recognizing that the

01:54:05.187 --> 01:54:07.857

county had failed at the, uhm --

>>sup. Andrew do, chair: thank
you.

[Laughter]

01:54:07.857 --> 01:54:09.857

>>sup. Andrew do, chair: I'll

01:54:11.600 --> 01:54:13.600

take it to my grave now. Thank

01:54:13.730 --> 01:54:16.650

you.

[Applause]

>>speaker: thank you.

01:54:17.400 --> 01:54:19.400

So again, I'm just going to ask,

01:54:20.570 --> 01:54:22.570

because there is many of us that

01:54:23.172 --> 01:54:25.172

I'm asking for, that the county

01:54:27.760 --> 01:54:29.760

do a better job. I know that

01:54:30.747 --> 01:54:32.747

the task at hand is monumental.

01:54:34.418 --> 01:54:37.320

I know that it's not 100 percent solvable. But it seems as

01:54:39.156 --> 01:54:41.156

though the pattern that the

01:54:44.600 --> 01:54:46.600

county takes is more malicious

01:54:46.697 --> 01:54:48.697

in their efforts than to really

01:54:50.100 --> 01:54:52.100

help to cure the issue of

01:54:53.504 --> 01:54:55.504

poverty or homelessness. I say

01:54:56.730 --> 01:54:58.974

that, again, because there doesn't seem to be any

01:55:00.344 --> 01:55:02.344

oversight. There doesn't seem

01:55:05.149 --> 01:55:07.149

to be any real rules for people

01:55:09.186 --> 01:55:11.186

to follow. Instead, they're

01:55:11.889 --> 01:55:13.889

criminalized and there is a

01:55:14.592 --> 01:55:16.592

whole laundry list of that

01:55:17.428 --> 01:55:19.428

happening at county facilities

01:55:19.697 --> 01:55:21.697

or facilities supported by the

01:55:21.700 --> 01:55:23.700
county at various non-profit.

01:55:39.217 --> 01:55:41.887
Do a better job.
>>speaker: thank you honorable

01:55:41.887 --> 01:55:43.887
board of supervisors for the

01:55:45.230 --> 01:55:47.230
honor to speak on support of the

01:55:47.559 --> 01:55:49.559
mha service center. My name is

01:56:02.608 --> 01:56:05.476
jeff brash, I am a licensed.
Operating for 30 years and here

01:56:08.713 --> 01:56:10.713
in santa ana for 17 years. Mha

01:56:13.285 --> 01:56:15.285
has a proven track record for

01:56:15.288 --> 01:56:17.989
helping mentally ill homeless
individuals get off the street.

01:56:20.250 --> 01:56:21.893
On average 134 chronically
homeless individuals are housed

01:56:24.830 --> 01:56:26.830
and off the streets of santa

01:56:28.660 --> 01:56:30.660
ana. 107 veterans are linked

01:56:32.271 --> 01:56:34.271
with va services to end

01:56:35.341 --> 01:56:37.341
homelessness. 700 are linked to

01:56:37.943 --> 01:56:40.845
drug services including
medication and mental health

01:56:45.617 --> 01:56:47.919
therapy. Chronically mentally
ill and homeless receive

01:56:48.988 --> 01:56:50.988
services each and every year

01:56:55.940 --> 01:56:57.940
because of our program. Several

01:56:58.698 --> 01:57:00.698
factors, the armory opens as

01:57:00.900 --> 01:57:02.900
usually during the cold weather

01:57:03.135 --> 01:57:05.135
months and has been extended for

01:57:10.444 --> 01:57:12.444
several months drawing more

01:57:12.679 --> 01:57:15.581
homeless to the area. Many
individuals successfully served and

01:57:17.851 --> 01:57:19.851
housed others are unwilling or

01:57:20.453 --> 01:57:22.754
unable to accept services and
have spread to other areas of

01:57:23.623 --> 01:57:25.623
the city including our area.

01:57:26.627 --> 01:57:28.627
And third mha outreach team

01:57:29.630 --> 01:57:31.630
which is housed at the center,

01:57:31.932 --> 01:57:34.767
and the county outreach service
team were diverted away from

01:57:35.635 --> 01:57:38.537
that area to outreach to
homeless to assist with the

01:57:39.406 --> 01:57:41.406
santa ana riverbed and the civic

01:57:42.276 --> 01:57:44.276
center relocation. When we gain

01:57:44.278 --> 01:57:46.278
operations of the multi-service

01:57:46.347 --> 01:57:49.150
center in its current location
17 years ago knowing there would

01:57:50.417 --> 01:57:52.417
be concerns of who we serve and

01:57:55.722 --> 01:57:57.722
what we would do I met with

01:57:58.191 --> 01:58:00.191
local individuals, to introduce

01:58:01.796 --> 01:58:03.796
myself make myself and my board

01:58:05.466 --> 01:58:08.234
and staff of the service center
to make them available to work

01:58:09.937 --> 01:58:11.937

with the homeless. On an

01:58:12.139 --> 01:58:14.173
ongoing basis for 17 years I
developed a good neighbor policy

01:58:14.775 --> 01:58:16.775
which I have distributed for

01:58:17.345 --> 01:58:19.345
your review. This includes

01:58:20.114 --> 01:58:22.114
outreach teams to provide rounds

01:58:23.952 --> 01:58:25.952
to the local businesses every 30

01:58:26.870 --> 01:58:28.870
minutes security cameras,

01:58:30.958 --> 01:58:33.793
transporting to and from the
building, required to receive

01:58:36.198 --> 01:58:38.198
services at our center. The

01:58:38.800 --> 01:58:40.934
multi-service center serves 80
to 90 homeless individuals every

01:58:42.437 --> 01:58:44.437
day and to receive services they

01:58:45.940 --> 01:58:47.940
must move appropriately to and

01:58:50.780 --> 01:58:52.780
from the program. The majority

01:58:53.682 --> 01:58:55.682
in the area are not our clients.

01:58:56.552 --> 01:58:58.552
The shelter two block away a

01:58:58.787 --> 01:59:01.188
railroad track which has been a
homeless encampment before we

01:59:02.424 --> 01:59:04.424
got there. There is no doubt

01:59:05.160 --> 01:59:07.160
that everyone cares about the

01:59:07.195 --> 01:59:09.195
homeless. We want them off the

01:59:09.465 --> 01:59:12.000
streets, we want the same thing.
We provide services and get them

01:59:14.236 --> 01:59:16.236

off the street. Thank you for

01:59:18.107 --> 01:59:19.774
your time.
>>clerk of the board, robin

01:59:25.130 --> 01:59:26.414
stieler: last speaker harold
mirowitz.

01:59:27.917 --> 01:59:29.985
>>speaker: good morning
mr. Chairman And board of

01:59:31.287 --> 01:59:33.287
supervisors my name is harold

01:59:34.900 --> 01:59:36.658
and I live in irvine and have
been an orange county resident

01:59:44.267 --> 01:59:46.267
for 38 years. Since retiring I

01:59:47.237 --> 01:59:50.380
have been providing services to
the homeless and mentally ill.

01:59:58.380 --> 02:00:00.380
I served on the 2006, 2007

02:00:02.386 --> 02:00:04.386
orange county grand jury which

02:00:05.522 --> 02:00:07.522
investigated implementation of

02:00:09.920 --> 02:00:11.920
funds. We met and visited with

02:00:12.595 --> 02:00:14.595
facilities of the contractors

02:00:15.164 --> 02:00:17.699
that the health care agency was
working with at the time on

02:00:19.136 --> 02:00:21.337
funded programs pacifically and
including the mental health

02:00:22.406 --> 02:00:24.406
association drop in center. I

02:00:26.243 --> 02:00:28.777
found myself impressed with mha
management and drop in center

02:00:30.347 --> 02:00:32.748
programs. So much so that after
May grand jury service when I

02:00:34.818 --> 02:00:36.818
was asked to join the mha board

02:00:38.723 --> 02:00:40.723
of directors I accepted. I have

02:00:43.930 --> 02:00:45.361
been on the mh affirm
a board for ten

02:00:48.198 --> 02:00:50.198
years. And the quality of mha's

02:00:51.201 --> 02:00:53.201
management and drop in center

02:00:54.572 --> 02:00:57.174
for this entire period has
maintained high levels just as

02:01:00.478 --> 02:01:02.478
it did sentence I was a grand

02:01:02.680 --> 02:01:04.680
jury member considering efforts

02:01:06.317 --> 02:01:08.952
are and complaints coming from
the have assistant of the drop

02:01:11.556 --> 02:01:13.556
in center that have continued

02:01:18.429 --> 02:01:20.931
throughout my tenure on the mha
board. The health care

02:01:21.833 --> 02:01:23.833
behavioral health services has

02:01:24.135 --> 02:01:26.803
been extremely detailed and
thorough throughout this time

02:01:28.539 --> 02:01:30.908
and that was an area that the
grand jury report said that the

02:01:31.376 --> 02:01:33.611
county had to work o thank you
for the opportunity to speak on

02:01:34.379 --> 02:01:36.379
this agenda item and I would be

02:01:36.648 --> 02:01:39.349
happy to answer any questions
you May have.
>>sup. Andrew do, chair: thank

02:01:40.170 --> 02:01:41.685
you. Any other speakers?
>>clerk of the board, robin

02:01:42.654 --> 02:01:44.421
stieler: no we don't.
>>sup. Andrew do, chair: jeff

02:01:45.290 --> 02:01:47.290
can you come up for a moment?

02:01:48.594 --> 02:01:50.594
Jeff nagle support an e-mail to

02:01:54.232 --> 02:01:55.508
my staff outlining all of the
epi

02:02:00.972 --> 02:02:03.908
the enhanced services at the mha
center, to address specifically

02:02:06.812 --> 02:02:08.812
the concerns cited by the city

02:02:09.114 --> 02:02:12.830
of santa ana. So without
reading the whole e-mail can you

02:02:12.384 --> 02:02:14.384
just go over those additional

02:02:15.587 --> 02:02:17.587
service that we have provided to

02:02:18.857 --> 02:02:20.857
assist mha in order to address

02:02:22.128 --> 02:02:24.462
this issue of securities and
engachlmentes and the homeless

02:02:27.266 --> 02:02:29.266
congregation on main street?

02:02:29.602 --> 02:02:32.137
>>speaker: certainly. Jeff
nagle, health care agency. Some

02:02:33.272 --> 02:02:35.272
of the things we have done in

02:02:38.277 --> 02:02:40.790
collaboration with mha, we have
increased their security guard

02:02:40.947 --> 02:02:43.816
hours so there is more security
guards present. We have

02:02:44.751 --> 02:02:46.751
increased the number and

02:02:47.720 --> 02:02:49.488
frequency of sweeps in the
general neighborhood so the

02:02:51.230 --> 02:02:53.692
security guard is actually going
out to the local businesses we

02:02:55.161 --> 02:02:57.161
have increased our blue shirt

02:03:00.330 --> 02:03:02.968
teams kind of focusing in that
area so our outreach

02:03:03.300 --> 02:03:05.738
engagement of working with
the city of santa ana police

02:03:06.773 --> 02:03:08.773
department, so that they are

02:03:08.842 --> 02:03:10.842
going on and engaging with the

02:03:11.144 --> 02:03:13.178
homeless trying to identify
those that have mental health

02:03:13.747 --> 02:03:16.649
needs linking them with services
and those that don't have mental

02:03:17.885 --> 02:03:19.885
health needs, look for other

02:03:22.122 --> 02:03:23.856
services so that we can remove
those individuals from the

02:03:25.959 --> 02:03:27.959
service areas so we can engage

02:03:30.863 --> 02:03:32.863
like the outreach team does so

02:03:34.101 --> 02:03:36.101
we can have specific focus on

02:03:38.472 --> 02:03:40.472
that area. We also inquire for

02:03:40.974 --> 02:03:42.974
landlords to do repairs and mha

02:03:45.445 --> 02:03:47.445
has taken it upon itself to

02:03:49.884 --> 02:03:51.884
replace lights, and as far as

02:03:55.156 --> 02:03:57.156
code violations, and smith

02:03:57.758 --> 02:03:59.758
something I want to point out,

02:04:02.930 --> 02:04:05.498
we have been meeting with staff
looking at proactive solutions

02:04:06.133 --> 02:04:08.133
but I want to let you than we

02:04:08.837 --> 02:04:11.205

are working with the city. We
are aware of the business

02:04:11.406 --> 02:04:13.406
complaints that have come in,

02:04:14.575 --> 02:04:16.677
and we're looking for proactive
solutions so these are some of

02:04:17.779 --> 02:04:19.779
the things that we have done.

02:04:20.648 --> 02:04:22.648
Now the other thing that, the

02:04:23.451 --> 02:04:26.120
current asr does, that we
haven't done previously, is

02:04:26.321 --> 02:04:28.321
we're adding additional dollars

02:04:28.790 --> 02:04:30.790
to expand the hours of

02:04:31.926 --> 02:04:33.926
operation, to be 6:00 A.M. To 6

02:04:37.966 --> 02:04:39.966
people P.M. And that will

02:04:40.735 --> 02:04:42.735
address the closure when the

02:04:43.505 --> 02:04:46.274
schools are coming out so this
expansion will alleviate some of

02:04:46.775 --> 02:04:49.577
those concerns by the community.
Some other things in the e-mail,

02:04:50.879 --> 02:04:53.114
I sent but that's a good
summary.
>>sup. Andrew do, chair: thank

02:04:53.181 --> 02:04:55.181
you that's all I need to know.

02:04:56.318 --> 02:04:58.185
I have a few short comments,
colleagues, it's important they

02:05:01.924 --> 02:05:03.924
have to lay the facts for the

02:05:03.926 --> 02:05:06.361
record because I'm sure judge
carter will be listening in on

02:05:07.620 --> 02:05:09.620
this and the public will want to

02:05:09.198 --> 02:05:11.198
hear this and follow what's

02:05:11.233 --> 02:05:13.233
going on. Because santa ana at

02:05:14.503 --> 02:05:16.804
the end of the day is the epii
center of the homeless issue and

02:05:17.707 --> 02:05:19.841
how we as a county in
conjunction with cities in the

02:05:24.680 --> 02:05:26.680
county come up with a system of

02:05:29.819 --> 02:05:31.819
care. Mayor pulito has been

02:05:32.254 --> 02:05:34.254
working closely with me and

02:05:35.425 --> 02:05:37.425
judge carter to try to spearhead

02:05:37.827 --> 02:05:39.827
an effort that now includes all

02:05:40.930 --> 02:05:43.765
cities in the county and
non-profits, faith-based
organizations to create a system

02:05:45.368 --> 02:05:47.368
of care. We have that in place,

02:05:49.238 --> 02:05:51.238
being worked on right now.

02:05:51.742 --> 02:05:53.742
Unfortunately the city of santa

02:05:57.681 --> 02:05:59.681
ana has a very -- people trying

02:06:00.984 --> 02:06:03.819
to run for mayor and trying to
create crisis in order to have

02:06:05.955 --> 02:06:07.955
an agenda, a platform, and I

02:06:08.959 --> 02:06:10.959
really vent having to deal with

02:06:15.632 --> 02:06:17.632
these issues on a sporadic

02:06:17.968 --> 02:06:20.536
basis, this is not first time,
the city has gone on the record

02:06:23.273 --> 02:06:25.641
to oppose a contract for a very

necessary service in our

02:06:28.780 --> 02:06:30.980
community, we have had to deal
with wise place, the difficulty

02:06:32.490 --> 02:06:34.490
in getting a permit and after

02:06:34.485 --> 02:06:36.485
they get the permit, are they

02:06:36.520 --> 02:06:38.520
officially putting a deadline of

02:06:40.457 --> 02:06:42.457
90 days creating turmoil in the

02:06:42.726 --> 02:06:45.562
residence in the system
consternation from the court.

02:06:46.831 --> 02:06:48.831
Once I started working with

02:06:49.133 --> 02:06:52.350
mayor pulito guess what?
We addressed it. American

02:06:53.270 --> 02:06:55.270
family housing, we tried to

02:06:55.539 --> 02:06:58.508
create recuperative care
capacity, same thing, cannot get

02:06:59.309 --> 02:07:01.309
the permit from the city. And

02:07:04.150 --> 02:07:06.683
now mha, it is ironic to me,
that the civic center in santa

02:07:08.860 --> 02:07:10.860
ana was cleared out by whom?

02:07:13.458 --> 02:07:15.458
By the santa ana police

02:07:15.593 --> 02:07:17.593
department. The health care

02:07:18.950 --> 02:07:20.464
department, in terms of
assisting people, from the

02:07:20.799 --> 02:07:22.799
police department, cleared out

02:07:23.969 --> 02:07:25.969
the encampments. People must

02:07:26.237 --> 02:07:28.439
know that when you clear an
encampment not every one of

02:07:30.740 --> 02:07:32.576
those people will be receptive
to service. Where do you think

02:07:32.844 --> 02:07:34.844
they're going to go?

02:07:36.248 --> 02:07:38.248
When the city clamors, to judge

02:07:39.618 --> 02:07:41.618
carter to clear up the civic

02:07:45.557 --> 02:07:47.557
center somehow blame it on the

02:07:48.160 --> 02:07:50.160
on the county. And now it

02:07:50.495 --> 02:07:52.495
becomes our responsible and

02:07:52.630 --> 02:07:54.630
mhsa's responsible. I would

02:07:54.934 --> 02:07:56.934
like the city council to get on

02:07:57.603 --> 02:08:00.238
the same page, have a unified
voice, because this is too big

02:08:02.741 --> 02:08:05.143
of a problem for it to be a
campaign issue. Okay?

02:08:06.110 --> 02:08:08.110
there is no one that can say

02:08:08.460 --> 02:08:10.460
that they have taken on this

02:08:11.851 --> 02:08:13.851
issue more rigorously and

02:08:14.287 --> 02:08:16.287
defended santa ana more rigorous

02:08:21.660 --> 02:08:24.429
allow than I have. For us
fulfilling our contracts within

02:08:26.310 --> 02:08:28.399
the city of santa ana, it's
taken time and valuable

02:08:28.935 --> 02:08:30.935
resources away from the county

02:08:31.905 --> 02:08:33.905
and county staff to have to deal

02:08:34.307 --> 02:08:36.608
with those little con

flagrations that happen all the

02:08:38.144 --> 02:08:40.144
time when we do our work. So

02:08:40.746 --> 02:08:43.148
please don't let mha be a victim
of of that colleagues. And with

02:08:44.784 --> 02:08:47.186
that I move the item.

>>sup. Andrew do, chair:

Mr. Seglund can you offer a

reason why for your comments how

02:09:58.660 --> 02:10:00.660
they relate to this item?

02:10:01.950 --> 02:10:03.950
>>speaker: the attachment to

02:10:06.934 --> 02:10:08.934
the topic is the public defender

02:10:09.837 --> 02:10:11.837
office, is a fraudulent entity,

02:10:14.643 --> 02:10:16.643
that they have not to get any

02:10:17.112 --> 02:10:19.112
dollar and have to be replaced

02:10:21.650 --> 02:10:23.650
and when they hear that they are

02:10:23.918 --> 02:10:26.253
getting a good high salary,
doing nothing to the public,

02:10:27.455 --> 02:10:29.455
against public, and receiving

02:10:31.226 --> 02:10:34.162
additional \$2 million for the
luxury of software, I could not

02:10:40.102 --> 02:10:42.102
to come and talk about it.

02:10:42.671 --> 02:10:44.671
Regarding agenda item 20, I

02:10:45.540 --> 02:10:47.540
respectfully decline to invest

02:10:47.575 --> 02:10:49.575
public money with new totals of

02:10:50.679 --> 02:10:52.679
more than 2 million to the

02:10:58.253 --> 02:11:00.253
public defender, sharone pet

02:11:01.356 --> 02:11:03.758
silly in charge, any funding to
public department should be how

02:11:04.192 --> 02:11:06.192
they effectively provide

02:11:07.363 --> 02:11:09.363
services to the public. The

02:11:13.436 --> 02:11:15.436
public department, the public

02:11:16.505 --> 02:11:19.374
defender department have
mistreated the public, the

02:11:21.443 --> 02:11:23.443
defender assigned to clients in

02:11:24.347 --> 02:11:26.347
probate mental family court,

02:11:28.318 --> 02:11:30.318
such as defender felled and

02:11:31.870 --> 02:11:33.870
bianchi, openly sympathizing

02:11:36.492 --> 02:11:38.492
their disabled clients' defense

02:11:40.897 --> 02:11:42.897
in collection in colluding with

02:11:44.367 --> 02:11:46.367
judge hubbard moberly brown.

02:11:48.671 --> 02:11:50.671
Course, we do not dispute the

02:11:51.741 --> 02:11:53.741
public defender department has

02:11:55.924 --> 02:11:58.247
exclusive attorney such as
steven sanders among their 400

02:11:59.717 --> 02:12:01.717
staff of defenders, the

02:12:02.219 --> 02:12:04.219
demanding policy of the

02:12:05.188 --> 02:12:07.188
department to ensure wealth and

02:12:07.691 --> 02:12:09.691
power through corruption, like

02:12:09.793 --> 02:12:11.793
orange county regional center,

02:12:14.364 --> 02:12:16.364
and dds without moral compass

02:12:16.801 --> 02:12:18.801
without rule of law and respect

02:12:20.204 --> 02:12:22.204
to constitution. \$177 per hour

02:12:25.876 --> 02:12:28.378
given to the people who heard
public, they don't respect your

02:12:30.547 --> 02:12:32.547
board and constitution. I

02:12:34.318 --> 02:12:36.318
remember, how you Chairman And

02:12:37.321 --> 02:12:39.321
supervisor spitzer tried to

02:12:43.394 --> 02:12:46.129
oversight, and didn't even
listen. Course -- I'm sorry.

02:12:47.731 --> 02:12:50.633
My time is over.
>>sup. Andrew do, chair: thank
you.

02:12:50.902 --> 02:12:52.902
>>speaker: just some brief

02:12:53.538 --> 02:12:55.538
comments along the same lines

02:12:55.573 --> 02:12:58.342
regarding lack of oversight,
just before I would spend money

02:12:59.977 --> 02:13:01.977
on some software ask so forth, I

02:13:02.213 --> 02:13:04.815
would be worried about a
situation where a public

02:13:05.683 --> 02:13:08.518
defender or public defenders are
involved in covering up medical

02:13:10.655 --> 02:13:12.655
and psychotropic abuse.

02:13:12.991 --> 02:13:14.991
Involved in both declaring me

02:13:16.594 --> 02:13:19.129
and my father vexatious
litigants, let's cover up them

02:13:20.665 --> 02:13:22.665
from filing anymore petitions

02:13:25.136 --> 02:13:27.136
and mind you the same probate

02:13:28.707 --> 02:13:30.707
case 81276780, litigant status

02:13:33.679 --> 02:13:35.946
is supposed to be opening new
cases but they nevertheless

02:13:36.782 --> 02:13:39.216
abuse that even by state law,
that's my understanding but they

02:13:40.819 --> 02:13:42.819
did that, and so anyway, my

02:13:43.222 --> 02:13:45.222
point is you have a situation

02:13:46.250 --> 02:13:48.250
where a public defender not only

02:13:49.495 --> 02:13:51.495
does not want to defend the

02:13:52.640 --> 02:13:54.365
client, not only does not want
to disclose information, but

02:13:56.802 --> 02:13:59.604
just engaged in just defaming,
for example, my father, that he

02:14:00.807 --> 02:14:02.807
is the one who is telling my

02:14:04.377 --> 02:14:06.377
brother to have seizures he is

02:14:06.646 --> 02:14:09.447
the one telling him to report
abuse and meanwhile you have

02:14:09.849 --> 02:14:12.751
another case where they want to
continue covering up the abuse

02:14:13.486 --> 02:14:15.486
with the help of the state

02:14:16.322 --> 02:14:18.556
agency, directive of the
department of mental health

02:14:21.694 --> 02:14:23.962
services who are reported by
attorney general of california I

02:14:24.997 --> 02:14:26.997
would like to see how that's

02:14:28.501 --> 02:14:30.501
going to go with the conserve

02:14:30.736 --> 02:14:32.736
tee, welfare abuse whatever

02:14:34.240 --> 02:14:36.240
violation you want to -- even

02:14:36.510 --> 02:14:39.311
violations of codes that would
be of juvenile hall and so

02:14:40.247 --> 02:14:42.815
forth, so you have these -- the
situation where it might be

02:14:44.484 --> 02:14:46.484
worse than preamp where you have

02:14:47.453 --> 02:14:50.289
not only confinement by
psychotropic abuse but yet you

02:14:50.590 --> 02:14:52.590
want to spend \$2 million on

02:14:53.560 --> 02:14:55.560
software and you should be more

02:14:57.831 --> 02:14:59.831
worried about some alleged even

02:14:59.867 --> 02:15:01.734
forging agreements of public
defenders and so forth now you

02:15:04.710 --> 02:15:06.710
have a case here where you have

02:15:06.807 --> 02:15:08.807
an ongoing danger. It's not a

02:15:09.109 --> 02:15:11.678
case where the situation was in
the past and you're prosecuting

02:15:13.547 --> 02:15:15.547
a violation in the past or

02:15:17.785 --> 02:15:19.785
you're suing for violations in

02:15:21.964 --> 02:15:23.856
the past and for ongoing
circumstances and you have state

02:15:24.458 --> 02:15:26.726
governing entities that are
going to continue involving

02:15:27.928 --> 02:15:29.928
themselves in covering up the

02:15:30.498 --> 02:15:33.199
abuse and they are going to
expect the judicial branch to

02:15:34.602 --> 02:15:36.602
continue doing so and you have

02:15:40.874 --> 02:15:42.874
the board of santa ana counsel

02:15:44.478 --> 02:15:46.847
and all of these agencies
police, social services and are

02:15:48.183 --> 02:15:51.180
all going to be covering up
abuse and neglect I think that

02:15:52.153 --> 02:15:54.153
would be more proper to end it

02:15:54.755 --> 02:15:56.523
sooner and release. Thank you.
>>sup. Andrew do, chair: thank

02:15:56.891 --> 02:15:58.891

02:16:06.101 --> 02:16:08.101
>>sup. Todd spitzer: I want to

02:16:08.704 --> 02:16:11.105
thank sharon and staff she has
been keeping up coordinations

02:16:13.241 --> 02:16:15.241
this is an important system and

02:16:17.612 --> 02:16:19.612
the last leg to have with all

02:16:22.584 --> 02:16:24.584
the other law-enforcement

02:16:24.686 --> 02:16:27.154
agencies, discovery, with the
cameras are all important. Was

02:16:27.189 --> 02:16:29.189
there a motion?

02:16:29.491 --> 02:16:30.891
I'll move the recommended
action.

02:16:32.560 --> 02:16:34.929
>>sup. Andrew do, chair: I'll
second it.

02:16:35.864 --> 02:16:38.465
Sharon I have a comment I
noticed the public defender is

02:16:41.637 --> 02:16:44.472
on the ocit update as being a
little bit behind schedule, if

02:16:44.707 --> 02:16:46.707
you need any additional

02:16:47.576 --> 02:16:49.576

to where you should be, let us
know. Okay?

02:16:52.247 --> 02:16:54.247

02:16:55.652 --> 02:16:57.652

based on the terms of the

02:20:05.840 --> 02:20:07.780

>>speaker: good morning

02:21:46.140 --> 02:21:48.140
honorable chair members of the

02:21:48.916 --> 02:21:50.916
board of supervisors and staff

02:21:51.452 --> 02:21:53.452
mary from laguna beach, we all

02:21:53.922 --> 02:21:56.857
know we have to protect our
investments. Since 1908 open

02:21:57.626 --> 02:21:59.626
space investments in orange

02:21:59.661 --> 02:22:01.661
county have been made by

02:22:01.963 --> 02:22:03.963
federal, state, the county, and

02:22:06.201 --> 02:22:08.201
our cities. More than 150,000

02:22:08.469 --> 02:22:10.469
acres, hundreds of millions of

02:22:10.906 --> 02:22:12.906
dollars are invested in this

02:22:14.420 --> 02:22:16.778
land. It's supported by our
public agency private companies

02:22:18.513 --> 02:22:21.249
such as irvine company, lennar,
five point and non-profit.

02:22:24.419 --> 02:22:26.419
Recently as a result of the prop

02:22:27.550 --> 02:22:29.550
12, 2000 bond measure, we spent

02:22:30.192 --> 02:22:32.192
more than \$10 million to acquire

02:22:34.263 --> 02:22:36.263
another 310 acres for our

02:22:36.632 --> 02:22:39.534
wilderness open space.
Wilderness corridors are

02:22:41.770 --> 02:22:43.770
essential for the preserved

02:22:44.573 --> 02:22:47.208
areas. Open space equals
habitat plus wild life, they

02:22:48.511 --> 02:22:50.511
really go together. They can't

02:22:50.613 --> 02:22:52.613
survive without one another.

02:22:52.782 --> 02:22:54.782
They need wild life corridors to

02:22:56.218 --> 02:22:58.686
protect our investments. In
particular, there are certain

02:22:59.889 --> 02:23:01.889
pinch points along the various

02:23:02.358 --> 02:23:05.280
wild life corridors one of these
occurs in the development, the

02:23:05.280 --> 02:23:07.663
proposed development that you
have before you for

02:23:08.640 --> 02:23:10.640
certification today. I

02:23:11.340 --> 02:23:13.340
encourage you to postpone this

02:23:14.237 --> 02:23:16.237
certification, give us a chance

02:23:24.140 --> 02:23:26.682
to have a wild life corridor
workshop to come work with the

02:23:29.886 --> 02:23:32.880
planners to come up with a plan.
Thank you for your

02:23:32.880 --> 02:23:34.323
consideration.
>>sup. Andrew do, chair: thank
you.

02:23:34.323 --> 02:23:36.258
>>speaker: good morning
honorable chair and members of

02:23:38.662 --> 02:23:40.662

the board my name is sarah

02:23:40.998 --> 02:23:42.998
clarke representing the wild

02:23:45.368 --> 02:23:47.837
life corridor. In the green
belt we have worked hard to

02:23:51.775 --> 02:23:53.775
protect this corridor, it's

02:23:55.780 --> 02:23:57.780
between two protected areas,

02:23:58.616 --> 02:24:01.184
species protection, and if wild
life corridor fails this money

02:24:04.188 --> 02:24:06.923
will have been wasted. Posing
significant threat to the wild

02:24:10.427 --> 02:24:12.427
life corridor it places risk

02:24:13.464 --> 02:24:15.464
around this corridor that has

02:24:16.670 --> 02:24:18.670
been protected and the experts

02:24:19.604 --> 02:24:21.705
here agree, you have letters in
your packet from the united

02:24:22.606 --> 02:24:24.606
states fish and wildlife service

02:24:27.678 --> 02:24:29.579
from the california department
fish and wildlife from the

02:24:31.283 --> 02:24:34.118
independent wild life experts
who came by the green belt and

02:24:35.920 --> 02:24:38.688
its allies. This was not
considered in the environmental

02:24:39.590 --> 02:24:41.590
report for the project the

02:24:43.194 --> 02:24:45.194
analysis is incleat and the

02:24:47.465 --> 02:24:49.465
county tosses aside alternatives

02:24:52.137 --> 02:24:54.137
to moving the corridor,

02:25:00.712 --> 02:25:02.712
adjustmenting the crossings.

02:25:03.414 --> 02:25:05.682
Laguna green belt is also
extremely concerned about the

02:25:05.818 --> 02:25:07.818
county's disregard for basic

02:25:08.286 --> 02:25:10.286
land use laws. I was here back

02:25:10.522 --> 02:25:12.522
in November, as the county

02:25:13.250 --> 02:25:15.250
considered a similar project, at

02:25:20.980 --> 02:25:22.980
the el toro 100 acre that

02:25:23.350 --> 02:25:25.350
approval brought lawsuits, from

02:25:26.500 --> 02:25:28.500
my clients and a number of

02:25:28.507 --> 02:25:30.507
organizations as well as a

02:25:31.810 --> 02:25:33.810
relieve action by the county of

02:25:33.845 --> 02:25:35.845
orange. The county's remarkable

02:25:36.148 --> 02:25:38.783
position that no land use laws
apply to this parcel this has

02:25:40.190 --> 02:25:42.387
never been the case in
california even when the county

02:25:43.489 --> 02:25:45.489
owns land in other jurisdiction

02:25:48.600 --> 02:25:50.600
if the project is used for

02:25:50.329 --> 02:25:52.329
nonpublic purposes. The

02:25:54.330 --> 02:25:56.834
county's declare tore receive
action which reaches this very

02:25:57.770 --> 02:25:59.770
project is also in the very

02:25:59.773 --> 02:26:01.773
early stages. Instead of moving

02:26:01.875 --> 02:26:04.276
forward and know demanding that
clients file more litigation at

02:26:06.445 --> 02:26:08.445
the taxpayers expense our

02:26:09.282 --> 02:26:11.282
clients have a simple request

02:26:12.952 --> 02:26:14.952
and that's to delay for a short

02:26:15.723 --> 02:26:17.723
period to convene with experts.

02:26:18.291 --> 02:26:20.291
We have had opportunities to

02:26:20.493 --> 02:26:22.493
convene with experts to come up

02:26:22.963 --> 02:26:24.963
with practical solutions to deal

02:26:25.932 --> 02:26:28.700
with these kinds of environment
difficulties. I ask you to take

02:26:28.835 --> 02:26:30.835
this consideration seriously and

02:26:33.874 --> 02:26:36.776
I thank you for your time today.
>>sup. Andrew do, chair: thank
you.
>>clerk of the board, robin

02:26:38.345 --> 02:26:40.345
stieler: the last speaker is

02:26:41.515 --> 02:26:43.515
sealia kutcher.

02:26:43.917 --> 02:26:46.886
>>speaker: good morning. I'm
elizabeth brown from laguna

02:26:48.355 --> 02:26:50.355
beach and irvine. And this last

02:26:51.225 --> 02:26:53.225
few days, we have been watching

02:26:55.863 --> 02:26:57.863
the fire in aliso canyon, and

02:26:59.800 --> 02:27:02.535
luckily it's only 150 acres but
it reminds us what happens in

02:27:03.937 --> 02:27:06.906
the open space if you have
isolated populations of wild

02:27:09.711 --> 02:27:11.711
life. And they can burn out if

02:27:11.846 --> 02:27:13.846
there is an accident like this.

02:27:16.684 --> 02:27:18.684
In 1993, the area that's burning

02:27:19.587 --> 02:27:21.587
today was the refuge for the

02:27:22.990 --> 02:27:24.990
deer and other furry wild life.

02:27:28.229 --> 02:27:30.229
And now it itself is burning.

02:27:31.466 --> 02:27:33.466
What we found, and it's still

02:27:34.302 --> 02:27:36.302
true today, 25 years later, not

02:27:36.437 --> 02:27:39.306
all the populations of animals
in the burn area have returned

02:27:40.708 --> 02:27:43.344
we are down to 15 percent of
return ever species that's

02:27:46.248 --> 02:27:49.160
because the area is a large
island. And that's why we're

02:27:55.190 --> 02:27:57.190
working on a wild life corridor.

02:27:57.625 --> 02:27:59.625
West alton where the comments

02:28:00.663 --> 02:28:03.331
back and forth, we do not agree
with -- I don't know who did the

02:28:08.970 --> 02:28:10.970
work, but we do not agree with

02:28:11.807 --> 02:28:13.807
the idea that this project will

02:28:15.343 --> 02:28:17.343
not harm, as a wild life

02:28:18.470 --> 02:28:20.470
corridor. A pinch point at any

02:28:21.684 --> 02:28:23.684
place on a corridor means the

02:28:23.852 --> 02:28:26.688
corridor fails we are already
seeing animals that are inbreed.

02:28:27.456 --> 02:28:29.456
They have mange, they are weak,

02:28:29.958 --> 02:28:32.927
they are not thriving. We don't
want to see this through all of

02:28:33.829 --> 02:28:35.829
our open space. The only way is

02:28:36.199 --> 02:28:38.700
to connect them. We're not
asking to go away with the

02:28:39.936 --> 02:28:41.936
project, we think that convening

02:28:43.272 --> 02:28:45.272
these groups of experts to come

02:28:45.774 --> 02:28:47.774
in, they will say what they say.

02:28:47.777 --> 02:28:50.378
They are not beholding to us,
they are not beholding to

02:28:54.170 --> 02:28:56.170
anybody else, they are

02:28:56.619 --> 02:28:59.121
professionals, they are wild
life movement people the reason

02:29:01.891 --> 02:29:03.891
we have a wild life corridor

02:29:05.128 --> 02:29:07.629
next to a great park is because
of a similar process we followed

02:29:08.864 --> 02:29:10.864
with five points. We agreed,

02:29:11.635 --> 02:29:14.370
they brought their experts we
brought ours and brought in some

02:29:15.605 --> 02:29:17.605
other experts, and they figured

02:29:21.978 --> 02:29:23.978
out how to do it. So please,

02:29:24.470 --> 02:29:26.848
there is time. We are up in
sacramento, we don't want to

02:29:27.183 --> 02:29:29.183
have to file another lawsuit for

02:29:29.286 --> 02:29:31.286
the same reasons. So can we

02:29:32.423 --> 02:29:34.423
please do a pause, and figure

02:29:35.325 --> 02:29:37.325

out what's really going to work

02:29:43.299 --> 02:29:45.634
up there. Thank you.
>>sup. Andrew do, chair: thank

02:29:49.773 --> 02:29:51.773
you.

02:29:52.376 --> 02:29:54.110
>>speaker: good morning.
>>sup. Andrew do, chair: good

02:29:55.646 --> 02:29:57.813
morning still, yes.
>>speaker: I represent the

02:30:00.384 --> 02:30:02.384
orange chapter of the society,

02:30:06.690 --> 02:30:08.690
kutcher, we are sig tori to a

02:30:09.594 --> 02:30:11.594
group letter that was written by

02:30:12.530 --> 02:30:14.530
haley, and we are among the

02:30:14.699 --> 02:30:16.699
groups represented by shoup and

02:30:17.902 --> 02:30:20.570
haley, we confer with the
speakers about the problem,

02:30:21.172 --> 02:30:23.907
about this problem, this
problem, this problem, yes, the

02:30:24.976 --> 02:30:26.976
problem with this plan, if I

02:30:31.382 --> 02:30:33.382
refer you to exhibit 1.3, there

02:30:34.152 --> 02:30:36.152
is -- it's the I property which

02:30:37.455 --> 02:30:39.891
extends way up here, and goes
into the national forest

02:30:40.192 --> 02:30:42.192
eventually, and the way this

02:30:44.496 --> 02:30:46.496
project is set up, it puts a

02:30:46.664 --> 02:30:49.566
wall right cross there and force
all wild life that's going up

02:30:51.202 --> 02:30:53.202
down in here to go through this

02:30:53.371 --> 02:30:56.174
tiny little area to get through
this segment here once it gets

02:30:57.743 --> 02:30:59.743
to this segment then it's going

02:31:00.545 --> 02:31:02.545
down into the wild life corridor

02:31:03.140 --> 02:31:05.140
which is construction down this

02:31:05.684 --> 02:31:07.684
way, but to require it to go to

02:31:07.986 --> 02:31:10.788
this little point is just not
right. It's a pinch point. It

02:31:12.525 --> 02:31:14.525
will do all the -- have all the

02:31:14.727 --> 02:31:16.727
problems that Dr. Brown just

02:31:19.298 --> 02:31:21.298
discussed. So we ask you all,

02:31:22.534 --> 02:31:24.534
the supervisors, to delay this

02:31:25.337 --> 02:31:27.337
project, to let the problems,

02:31:29.909 --> 02:31:31.909
like this, be dealt with and

02:31:38.500 --> 02:31:40.485
look at by wild life corridor
experts. Thank you.
>>sup. Andrew do, chair: thank

02:31:42.540 --> 02:31:44.622
you. If I can have a moment to
confer with county counsel,

02:31:59.639 --> 02:32:01.406
colleagues.
>>sup. Andrew do, chair: thank

02:32:01.908 --> 02:32:03.908
you. This is a district three

02:32:05.780 --> 02:32:07.113
item. Would you like to t it
up?
>>sup. Todd spitzer: thank you

02:32:09.883 --> 02:32:12.551
very much Mr. Chairman. Just in
interest of time and I am very

02:32:13.190 --> 02:32:15.190

interested of time today. I am

02:32:15.355 --> 02:32:17.355
very concerned. I want to thank

02:32:18.525 --> 02:32:20.525
the environmental groups, shoup

02:32:23.797 --> 02:32:26.332
is one of the most outstanding
environmental groups, and I have

02:32:29.603 --> 02:32:31.603
raised some issues with scott

02:32:32.720 --> 02:32:34.720
mayor through my staff, and I

02:32:34.307 --> 02:32:36.307
have an e-mail that the fbi is

02:32:36.776 --> 02:32:39.311
concerned with what is going to
happen with their property and

02:32:39.614 --> 02:32:41.614
their shooting range they are

02:32:46.553 --> 02:32:48.553
asking for a wall to be erected

02:32:50.491 --> 02:32:52.491
asking for -- we got a letter

02:32:53.293 --> 02:32:55.995
this morning. They already put
their comments in the formal

02:32:57.966 --> 02:32:59.966
record but the city of irvine,

02:33:00.868 --> 02:33:03.403
16 pages plus or minus, they
have reexpressed their concerns

02:33:04.839 --> 02:33:07.474
and of course we are in
litigation with the city over

02:33:10.244 --> 02:33:12.244
the 100 acres so we might as

02:33:13.647 --> 02:33:15.647
well as add this to the pile,

02:33:17.318 --> 02:33:19.318
whether the fbi chimes in as it

02:33:20.288 --> 02:33:22.288
pertains to their rights. Then

02:33:22.624 --> 02:33:24.624
we received a letter from

02:33:30.998 --> 02:33:32.998

crutcher and dunn they have

02:33:33.302 --> 02:33:35.302
expressed concerns, and

02:33:35.403 --> 02:33:37.403
unfortunately in the past, this

02:33:39.641 --> 02:33:41.641
is on the path of litigation

02:33:43.478 --> 02:33:46.313
more litigation more resources
when everybody is willing to sit

02:33:47.415 --> 02:33:49.916
down and have conversations inn
some people will argue

02:33:50.118 --> 02:33:52.520
especially county staff and
outside developers that they

02:33:52.921 --> 02:33:54.921
have been doing that for years

02:33:55.224 --> 02:33:57.792
and have been offering
availability at every stage but

02:33:59.394 --> 02:34:01.394
we know how this game is played

02:34:01.963 --> 02:34:04.932
you end up in lawsuits and
that's where the negotiations go

02:34:05.967 --> 02:34:07.967
forward. I have great concerns

02:34:09.805 --> 02:34:11.840
about the 100 acres. I have a
philosophical concern about

02:34:12.241 --> 02:34:14.475
government being in of the
private development business and

02:34:15.177 --> 02:34:17.177
so Mr. Chairman I'm not in a

02:34:22.217 --> 02:34:24.217
position today as the 30

02:34:25.955 --> 02:34:28.323
district supervisor to make a
recollection to be approve so I

02:34:28.791 --> 02:34:30.959
just want to put that on the
record.
>>sup. Andrew do, chair: the

02:34:31.600 --> 02:34:33.362
item is still up for

consideration. What's the

02:34:33.362 --> 02:34:35.362
pleasure of the board?

02:34:38.100 --> 02:34:40.235
Is there a motion to approve the
recommended actions?

02:34:40.235 --> 02:34:42.235
>>sup. Lisa a. Bartlett: being

02:34:42.706 --> 02:34:45.174
we paragraphs hear from --
>>sup. Andrew do, chair:
supervisor spitzer is just not

02:34:49.112 --> 02:34:51.814
ready to move the item. I don't
hear opposition necessarily.

02:34:51.814 --> 02:34:53.814
>>sup. Lisa a. Bartlett: do we

02:34:54.283 --> 02:34:56.283
know if any of the inquiries

02:35:03.930 --> 02:35:05.930
have addressed cc

02:35:05.362 --> 02:35:07.960
eo comment?
>>sup. Andrew do, chair: I

02:35:09.699 --> 02:35:11.699
would defer to issues raised as

02:35:11.901 --> 02:35:13.901
legal as more to real estate if

02:35:14.204 --> 02:35:16.805
you want to direct at --
>>sup. Lisa a. Bartlett: I just

02:35:17.508 --> 02:35:20.209
want to know what was really
mitigated or not, especially

02:35:21.978 --> 02:35:23.978
with the fbi -- do we have a

02:35:25.882 --> 02:35:27.882
letter from the fbi and with

02:35:28.510 --> 02:35:30.510
regard to the shooting range I'm

02:35:30.754 --> 02:35:32.788
not familiar with that.
>>speaker: good morning, scott

02:35:35.126 --> 02:35:37.126
mayor with the executive office.

02:35:38.396 --> 02:35:40.396

Supervisor bartlett we have met

02:35:40.798 --> 02:35:42.798
with the federal bureau of

02:35:45.769 --> 02:35:47.769
investigation with regard to

02:35:49.720 --> 02:35:52.800
their property, they have not
raised any comments on the

02:35:53.770 --> 02:35:55.770
matter and we have discussed

02:35:56.214 --> 02:35:58.214
with the two adjacent landowners

02:35:59.784 --> 02:36:02.686
with aspect to the bureau they
do not have legal access to

02:36:03.387 --> 02:36:05.387
their parcel to the north and we

02:36:05.556 --> 02:36:07.556
have indicated in our meeting

02:36:10.161 --> 02:36:13.130
with them that we will work with
them to provide access when this

02:36:13.698 --> 02:36:16.234
project moves forward.
>>sup. Lisa a. Bartlett: all

02:36:16.234 --> 02:36:18.135
right. Thank you.
>>sup. Michelle steel:

02:36:19.300 --> 02:36:20.771
Mr. Chairman, I move the item.
>>sup. Andrew do, chair: I'll

02:36:21.138 --> 02:36:23.138
second the item.

02:36:24.208 --> 02:36:26.210
>>sup. Todd spitzer: May I
respond real quick.

02:36:26.210 --> 02:36:28.120
>>sup. Andrew do, chair: sure.
>>sup. Todd spitzer: you left

02:36:28.280 --> 02:36:30.280
off a sentence in your answer

02:36:30.449 --> 02:36:32.449
and I will read a paragraph that

02:36:34.553 --> 02:36:37.254
you wrote in your e-mail, the
county will remain cooperatative

02:36:38.156 --> 02:36:40.156
with the fbi and this is the

02:36:41.726 --> 02:36:44.294
part you left out probably
intentional, but we cannot

02:36:44.396 --> 02:36:46.396
ensure a solution at this time

02:36:46.832 --> 02:36:48.832
because it is not known when

02:36:49.401 --> 02:36:51.401
project will be built and when.

02:36:52.638 --> 02:36:55.600
The fbi is up in the an and you
can't make a representation to

02:36:56.842 --> 02:36:58.976
them based on what you wrote in
your e-mail.

02:36:59.311 --> 02:37:02.246
>>speaker: that's correct
supervisor we don't know the

02:37:02.348 --> 02:37:04.348
exact scope of the project that

02:37:04.950 --> 02:37:06.950
will be built and when it will

02:37:07.419 --> 02:37:09.419
be built but it's important to

02:37:10.990 --> 02:37:13.458
know that as a public agency we
will be cooperatative to be sure

02:37:15.270 --> 02:37:17.461
they will have access to their
property.
>>sup. Todd spitzer: but to be

02:37:18.797 --> 02:37:20.797
accurate and legal they could be

02:37:20.800 --> 02:37:22.800
land locked. Do they have

02:37:24.270 --> 02:37:26.270
rights that super seed our

02:37:28.700 --> 02:37:30.700
rights enforceable with with the

02:37:30.610 --> 02:37:32.477
land pertaining to easements.
>>speaker: there is no interest

02:37:35.414 --> 02:37:37.414
of record but I will leave this

02:37:38.184 --> 02:37:40.184
to counsel. They May have

02:37:41.454 --> 02:37:43.556
easement by necessity to gain
access to their property.

02:37:43.556 --> 02:37:46.910
>>sup. Todd spitzer: but based
upon your e-mail and what your

02:37:47.193 --> 02:37:49.193
answers are and my knowledge of

02:37:49.996 --> 02:37:51.996
what are real property, against

02:37:52.632 --> 02:37:55.468
rule of pepper toity which will
not happen today because I don't

02:37:57.371 --> 02:37:59.371
think anybody can explain t it's

02:38:00.173 --> 02:38:02.474
still up in the air to be fair?
>>speaker: yes, sir.

02:38:05.378 --> 02:38:07.378
>>sup. Andrew do, chair: the

02:38:21.428 --> 02:38:23.863
rule against perpetuity.
>>sup. Andrew do, chair:
supervisor bartlett.

02:38:23.863 --> 02:38:25.863
>>sup. Lisa a. Bartlett: you

02:38:26.320 --> 02:38:28.320
can't have a property owner land

02:38:28.401 --> 02:38:30.401
locked you have to provide some

02:38:30.604 --> 02:38:32.604
type of ingress and egress. I

02:38:34.108 --> 02:38:35.942
know we had to do that in
trabuco canyon. Is that the

02:38:36.710 --> 02:38:38.710
case here as well?

02:38:39.546 --> 02:38:42.415
>>speaker: yes, ma'am, the
federal bureau will maintain a

02:38:44.170 --> 02:38:46.252
legal access as the project
moves forward but again without

02:38:46.653 --> 02:38:48.653
knowing what the project will be

02:38:48.756 --> 02:38:51.910
and when the project will come,
we can't describe what that

02:38:51.959 --> 02:38:54.861
access will be and what form it
will take.
>>sup. Lisa a. Bartlett: okay.

02:38:55.462 --> 02:38:58.331
But there would be access is
that correct?
>>speaker: yes, ma'am.

02:38:58.432 --> 02:39:01.267
>>sup. Lisa a. Bartlett: all
right. Thank you.
>>sup. Andrew do, chair: any

02:39:01.902 --> 02:39:03.902
other comments, questions?

02:39:05.940 --> 02:39:08.750
There is a motion and second.
supervisor bartlett?

02:39:08.309 --> 02:39:10.812
What's your pleasure?
Yes or no?
>>sup. Lisa a. Bartlett: I have

02:39:10.812 --> 02:39:13.513
no objection.
>>sup. Andrew do, chair: okay.

02:39:14.820 --> 02:39:16.820
So one objection, that item

02:39:21.622 --> 02:39:23.622
passes 3 to 1.

02:39:25.594 --> 02:39:27.929
Supplemental 29b.
Stieler: Chairman Do-

02:39:27.929 --> 02:39:30.980
countywide oversight board-
appoint chris gaarder, fullerton
and steve franks, brea, for

02:39:30.980 --> 02:39:32.533
indefinite terms and we do have
one speaker request.
>>sup. Andrew do, chair: please

02:39:33.468 --> 02:39:35.135
call the speaker.
>>clerk of the board, robin

02:39:43.345 --> 02:39:45.880
stieler: brigitte.
>>speaker: should you be

02:39:46.181 --> 02:39:48.181

trusted to appoint anybody based

02:39:48.383 --> 02:39:50.383
on your track record?

02:39:51.530 --> 02:39:52.986
With all due respect if you
surround yourself with yes men

02:39:54.289 --> 02:39:56.289
you are putting the county in

02:39:57.626 --> 02:40:00.128
harm's way. They're not going
-- these yes men aren't going to

02:40:02.231 --> 02:40:04.231
say oh that's I lovely house

02:40:04.300 --> 02:40:06.300
coat you're wearing. You don't

02:40:07.436 --> 02:40:09.436
need those kind of people you

02:40:14.760 --> 02:40:16.760
need israeli commandos. You

02:40:16.245 --> 02:40:18.580
don't even put this on the
agenda, you release it to the

02:40:22.180 --> 02:40:24.180
public and do it by ooh, it's on

02:40:24.386 --> 02:40:26.386
the supplemental, in definite

02:40:29.758 --> 02:40:31.758
turn, why don't you just hire

02:40:33.863 --> 02:40:36.265
your brother-in-law or
sister-in-law. You don't put

02:40:38.701 --> 02:40:40.701
good money after bad. You clean

02:40:42.405 --> 02:40:44.405
up the blanken public defender's

02:40:46.800 --> 02:40:48.800
office you had the audacity to

02:40:52.582 --> 02:40:54.582
come before this board when todd

02:40:56.253 --> 02:40:58.253
spitzer were -- state bill.

02:40:59.489 --> 02:41:01.489
Weekend at bernies dead man

02:41:01.824 --> 02:41:03.824
walking, last dog not watch dog

02:41:04.661 --> 02:41:07.429
and you have the gal and
audacity to say the oversight of

02:41:08.832 --> 02:41:10.832
this county will be in good

02:41:12.903 --> 02:41:14.903
hands with your policy advisers

02:41:16.339 --> 02:41:17.673
with an x supervisor chief of
staff?

02:41:18.842 --> 02:41:20.842
Are you blanken kidding me?

02:41:21.178 --> 02:41:23.178
This should be outsourced. End

02:41:23.914 --> 02:41:25.914
of story. The whole problem

02:41:28.819 --> 02:41:30.819
with this county is inassessed.

02:41:31.388 --> 02:41:33.388
You guys hired your knuckleheads

02:41:33.824 --> 02:41:36.593
and don't get past your no, sir.
And you ought to be ashamed of

02:41:37.261 --> 02:41:39.261
yourself Mr. Chairman to put the

02:41:40.664 --> 02:41:42.664
county in harm's way to hire

02:41:44.235 --> 02:41:46.736
your policy adviser to be an
oversight of this entire county,

02:41:48.639 --> 02:41:50.639
because you can. Oh I've got

02:41:51.843 --> 02:41:53.843
the chairmanship. You guys have

02:41:55.345 --> 02:41:57.345
a ship without a blanken rudder,

02:41:57.715 --> 02:41:59.715
there is no oversight in this

02:42:01.520 --> 02:42:03.520
county because nobody looks over

02:42:03.880 --> 02:42:05.880
anybody. It's always approved

02:42:05.690 --> 02:42:07.690
supplemented. And this just

02:42:09.761 --> 02:42:11.761
proves what I said earlier, you

02:42:14.565 --> 02:42:16.565
have no discretion. Based on

02:42:18.370 --> 02:42:20.370
your track record, not on my

02:42:20.539 --> 02:42:22.539
opinion, track record. And

02:42:24.809 --> 02:42:27.578
before any bait and switcher
admonishes them -- ooh you have

02:42:28.813 --> 02:42:30.813
got to speak on topic, he's

02:42:31.316 --> 02:42:33.316
telling you have a blanken

02:42:34.386 --> 02:42:36.386
cancer in the county and we need

02:42:37.556 --> 02:42:39.556
this Mr. Rogers neighborhood, oh

02:42:42.594 --> 02:42:44.428
it's a lovely day, I'm elected,
because the problem of the

02:42:45.430 --> 02:42:47.430
public is serious. No different

02:42:47.566 --> 02:42:49.333
than the fraud in the court.
>>sup. Andrew do, chair: thank

02:42:50.268 --> 02:42:51.935
you. No other speakers?
>>clerk of the board, robin

02:42:52.538 --> 02:42:54.538
stieler: no. We don't.

02:42:54.774 --> 02:42:56.941
>>sup. Andrew do, chair: I move
the item.

02:42:56.976 --> 02:42:59.177
>>sup. Todd spitzer: second.
>>sup. Andrew do, chair: any

02:42:59.645 --> 02:43:01.645
opposition?

02:43:02.648 --> 02:43:04.716
That item passes. Supplemental
29c.
>>clerk of the board, robin

02:43:06.185 --> 02:43:08.353
stieler:
poses to county of orange; and

direct clerk of the board to

02:43:08.353 --> 02:43:10.556
submit resolution to california
department of public health.

02:43:10.556 --> 02:43:12.556
>>sup. Michelle steel: it's

02:43:18.965 --> 02:43:20.632
steel and do:
>>clerk of the board, robin

02:43:24.203 --> 02:43:26.671
stieler: oh sorry.
>>sup. Michelle steel:

02:43:27.374 --> 02:43:29.374
colleagues I asked Chairman Do

02:43:30.810 --> 02:43:32.810
to coauthor with me when I found

02:43:33.446 --> 02:43:35.446
the public comment would be

02:43:37.349 --> 02:43:39.651
closing on our neo natal
program, orange county has only

02:43:42.540 --> 02:43:44.540
had one exchange for two years,

02:43:44.224 --> 02:43:46.224
to January of 2018 it was

02:43:46.359 --> 02:43:49.161
located in santa ana civic
center on the santa ana side.

02:43:49.963 --> 02:43:51.963
This January the city of santa

02:43:54.901 --> 02:43:57.669
ana chose not to renew the
needle exchange permit because

02:43:58.871 --> 02:44:00.871
of a large increase of needles

02:44:01.809 --> 02:44:03.809
they were finding in the civic

02:44:04.845 --> 02:44:06.845
center, finding needles in the

02:44:08.182 --> 02:44:10.583
library book shelves now the
orange county needle exchange is

02:44:12.552 --> 02:44:14.552
asking for permission to have a

02:44:18.291 --> 02:44:20.600
mobile service that goes from

anaheim, and costa mesa, this

02:44:22.463 --> 02:44:24.463
isn't to just bring back the

02:44:26.000 --> 02:44:28.000
needle exchange, it's a proposal

02:44:28.702 --> 02:44:31.237
to expand when means more
needles in our streets we have

02:44:32.306 --> 02:44:35.274
to protect our children from
these needles this resolution

02:44:35.876 --> 02:44:38.145
will tell the california
department of public health that

02:44:41.820 --> 02:44:43.820
we put the health and safety

02:44:46.587 --> 02:44:48.587
above our whole overage overage

02:44:53.227 --> 02:44:55.462
area over easy access to drug
use.

>>sup. Andrew do, chair: this

02:44:58.533 --> 02:45:00.734
is a failed experiment, the city
santa ana approved this two

02:45:02.270 --> 02:45:04.237
years ago and just recently they
denied the permit to continue

02:45:05.473 --> 02:45:07.473
the program. It failed because

02:45:09.677 --> 02:45:12.120
it subjects the public to major
health risk, because of the

02:45:17.285 --> 02:45:19.687
number of drug needles that are
found all around the

02:45:20.221 --> 02:45:22.221
neighborhoods, in libraries, in

02:45:24.626 --> 02:45:26.626
city parks, and so this group is

02:45:29.298 --> 02:45:31.298
now trying to exploit a loophole

02:45:32.568 --> 02:45:34.568
by applying to the state. Now

02:45:34.937 --> 02:45:37.805
we don't -- this is something
the state can approve even over

02:45:38.730 --> 02:45:40.942
the objection of the county so
it's important to make a note of

02:45:42.344 --> 02:45:44.344
that. So they're trying to

02:45:44.479 --> 02:45:46.479
apply for this permit and use

02:45:48.751 --> 02:45:50.751
this loophole to exploit this

02:45:51.720 --> 02:45:53.720
capability, to -- and I want to

02:45:54.256 --> 02:45:56.256
change here, it is not needle

02:45:56.992 --> 02:45:58.992
exchange, it is a needle give

02:46:03.900 --> 02:46:05.900
aware away program. It is not a

02:46:07.470 --> 02:46:09.470
one for one, it's a one for 20

02:46:12.474 --> 02:46:14.474
give away. So this organization

02:46:19.381 --> 02:46:21.649
is trying to cram orange
county's throat something no

02:46:22.485 --> 02:46:24.485
cities have approved, and so

02:46:25.121 --> 02:46:27.121
this is a failed program, it is

02:46:27.423 --> 02:46:30.191
a slap in the face to the
residents of santa ana, and I'm

02:46:30.727 --> 02:46:32.727
going to go further than just

02:46:33.396 --> 02:46:35.396
the resolution, we obviously

02:46:35.965 --> 02:46:37.965
want the resolution to oppose

02:46:41.438 --> 02:46:42.738
this effort, but I want the
public

02:46:46.476 --> 02:46:48.476
public to know that if the state

02:46:50.747 --> 02:46:53.515
circumvents the county and
ignores our propose, they move

02:46:55.518 --> 02:46:57.518
this board to file a lawsuit to

02:46:58.455 --> 02:47:00.455
fight such an action, because I

02:47:01.225 --> 02:47:03.225
do believe that our health care

02:47:06.763 --> 02:47:08.763
agency deserves and has the

02:47:08.765 --> 02:47:10.765
authority to determine the

02:47:16.407 --> 02:47:18.407
public health measure that we

02:47:19.476 --> 02:47:21.476
employ as a county and the state

02:47:23.313 --> 02:47:25.313
can't circumvent our policy with

02:47:26.417 --> 02:47:28.417
a mobile unit that goes into our

02:47:28.452 --> 02:47:30.452
county in the city in our county

02:47:31.489 --> 02:47:33.489
to give away drug needles. We

02:47:33.825 --> 02:47:35.825
cleared out 14,000 needles in

02:47:36.794 --> 02:47:38.794
the santa ana riverbed. 14,000

02:47:39.196 --> 02:47:41.196
and those are just the ones we

02:47:41.932 --> 02:47:44.467
recovered God knows how many are
still buried in the sand and

02:47:46.870 --> 02:47:48.905
maybe got washed down to the
ocean I'm definitely afraid that

02:47:51.476 --> 02:47:53.476
this is going to open up a

02:47:53.645 --> 02:47:55.645
floodgate to those public

02:47:55.747 --> 02:47:57.747
employees working to clean up

02:47:58.490 --> 02:48:00.490
city or county parks, children

02:48:01.850 --> 02:48:03.850
going to the public library,

02:48:03.154 --> 02:48:05.154
people just walking down the

02:48:06.625 --> 02:48:08.625
street being poked by these

02:48:12.163 --> 02:48:13.464
needles, these are major health
rink

02:48:15.000 --> 02:48:17.000
risks for our general public. I

02:48:17.469 --> 02:48:20.237
ask you for your support and
would like to let county counsel

02:48:21.372 --> 02:48:24.341
know that that is my intention
that we do face this situation

02:48:25.211 --> 02:48:28.790
to please look into legal steps
that we can go through to

02:48:30.883 --> 02:48:33.484
challenge this, either by direct
appeal to the department or via

02:48:35.387 --> 02:48:38.189
lawsuit in court. Thank you. I
believe supervisor spitzer was

02:48:39.958 --> 02:48:42.494
before -- so go ahead.
>>sup. Todd spitzer: thank you
very much. I appreciate you

02:48:42.895 --> 02:48:44.895
bringing this forward. When we

02:48:45.310 --> 02:48:47.310
walked the riverbed it was

02:48:48.000 --> 02:48:50.000
pretty outrageous, I have a

02:48:52.738 --> 02:48:54.738
picture of a spark lets five

02:48:54.840 --> 02:48:56.840
gallon bottle leon sent it to

02:49:00.380 --> 02:49:02.380
me, full of expended or used

02:49:02.682 --> 02:49:04.682
syringes. There are two things

02:49:05.317 --> 02:49:08.220
I would ask to bring to this
conversation what

02:49:08.220 --> 02:49:10.220

administratively are our rights

02:49:10.389 --> 02:49:12.389
right now during this request of

02:49:17.997 --> 02:49:19.997
the state agency to over rule?

02:49:21.734 --> 02:49:23.734
There May be an adadminister

02:49:24.437 --> 02:49:26.437
straighttive way to author in,

02:49:27.707 --> 02:49:30.375
maybe you might look at that so
maybe we could at least weigh n

02:49:32.812 --> 02:49:34.812
I had a concern about narcon and

02:49:36.216 --> 02:49:38.216
issuing the antidote to reverse

02:49:38.718 --> 02:49:41.153
the opioid effects for addicts
for the same reason is that you

02:49:43.590 --> 02:49:45.590
are enabling a behavior that's

02:49:45.859 --> 02:49:47.826
unlawful and oh by the way
you're encouraging some people

02:49:49.395 --> 02:49:51.395
in ways to overdose and when

02:49:52.799 --> 02:49:54.799
they do they can administer the

02:49:55.669 --> 02:49:57.670
antidote as opposed to first
responders, but my question is,

02:50:00.140 --> 02:50:02.675
Mr. Kim, what are we doing today
-- remember something, hopefully

02:50:03.443 --> 02:50:05.544
none of you have had this
experience I have of driving

02:50:06.112 --> 02:50:08.914
down the street and seeing
somebody with a needle in their

02:50:12.586 --> 02:50:15.422
arm and trying to chase them for
unyou lawful possession of

02:50:16.457 --> 02:50:18.591
heroin and going into these slam
pads which is what they are

02:50:19.960 --> 02:50:21.960
called and you will see people

02:50:22.996 --> 02:50:24.996
sit around in an empty can of

02:50:27.435 --> 02:50:29.435
some sort it might be a tuna

02:50:31.238 --> 02:50:33.306
can, with a cotton ball and
syringe and suck whatever

02:50:34.275 --> 02:50:36.275
they're going to ingest through

02:50:36.377 --> 02:50:39.145
a cotton ball and then this
needle is then used by multiple

02:50:40.781 --> 02:50:42.781
people or by the same individual

02:50:43.116 --> 02:50:45.419
multiple times which is if you
interact enough with these

02:50:45.453 --> 02:50:47.754
individuals who are addicted,
the reasons they have the scars

02:50:48.956 --> 02:50:50.956
what we call the track marks is

02:50:51.259 --> 02:50:53.760
they continue to use the same
needle in the same or subsequent

02:50:54.695 --> 02:50:56.695
locations and it causes, with a

02:50:56.797 --> 02:50:58.797
barb, it's not a sharp

02:50:58.999 --> 02:51:00.999
instrument anymore, it continues

02:51:01.236 --> 02:51:03.236
to cause both infection and

02:51:03.572 --> 02:51:05.572
other kind of issues. So you're

02:51:05.640 --> 02:51:07.640
between a rock and hard place in

02:51:08.143 --> 02:51:10.143
this discussion, because it's a

02:51:11.546 --> 02:51:13.546
major public health issue when

02:51:14.182 --> 02:51:16.182
people don't -- when they share

02:51:16.451 --> 02:51:19.419
needles. And that falls on the
taxpayer through our health care

02:51:21.957 --> 02:51:23.957
agency for people who either --

02:51:25.761 --> 02:51:27.761
yet communicable diseases

02:51:33.368 --> 02:51:36.170
hepatitis and the such, I
appreciate this discussion,

02:51:43.145 --> 02:51:45.145
don't get me wrong. I what

02:51:46.480 --> 02:51:48.480
programs do we have today?

02:51:51.653 --> 02:51:53.653
I think we should prepare some

02:51:54.424 --> 02:51:56.424
kind of memo for us, it's one

02:51:56.492 --> 02:51:59.461
thing that we're not going to do
the needle exchange when I

02:52:04.233 --> 02:52:06.233
agree, the 20 to 1 ratio, if

02:52:10.573 --> 02:52:11.873
people are increasing their
light

02:52:15.780 --> 02:52:17.780
likelihood of transmitting

02:52:17.414 --> 02:52:19.881
diseases is a great cost to the
taxpayer. And one of the

02:52:20.850 --> 02:52:23.385
diligent ways we're working on
this is through kraemer and

02:52:24.920 --> 02:52:27.756
other programs we are working
diligently to getting these

02:52:29.393 --> 02:52:31.393
people out of their abusive life

02:52:34.731 --> 02:52:36.731
style in terms of these

02:52:36.866 --> 02:52:39.702
substance, but with prop 57
cutting the other way it's

02:52:40.436 --> 02:52:42.436
almost impossible to get

02:52:43.730 --> 02:52:45.730
somebody to get with the

02:52:48.846 --> 02:52:50.846
program. Which is labative with

02:52:53.517 --> 02:52:55.517
arrests of unlawfully have a

02:52:56.853 --> 02:52:58.853
francy. I think this resolution

02:52:59.890 --> 02:53:01.890
on its face it's extremely

02:53:01.124 --> 02:53:04.260
important and a strong issue. I
am concerned about communicable

02:53:05.296 --> 02:53:07.296
-- how does this affect, if we

02:53:08.532 --> 02:53:10.532
are asked in a lawsuit, or if

02:53:11.702 --> 02:53:13.736
we're challenge odd
n what are we

02:53:14.204 --> 02:53:16.204
doing as a county because we

02:53:16.607 --> 02:53:18.607
have people who are addicted, we

02:53:19.910 --> 02:53:21.910
literally just passed an item --

02:53:22.980 --> 02:53:24.980
or excuse me, under the grants,

02:53:25.820 --> 02:53:27.820
to help purchase drugs that help

02:53:31.589 --> 02:53:34.524
the hiv, or the lgbt q
community, there are drugs now

02:53:36.360 --> 02:53:38.895
that help them reduce their
exposure to aids transmission.

02:53:41.132 --> 02:53:43.132
We have 6,000 cases -- excuse me

02:53:43.635 --> 02:53:45.635
strike that. We have six new

02:53:47.539 --> 02:53:49.539
cases every week of hiv in our

02:53:50.174 --> 02:53:51.608
county. So is that sexually
transmitted?

02:53:52.877 --> 02:53:54.877
We need to know richard. Is

02:53:55.813 --> 02:53:57.813
that through sharing of needles?

02:53:57.816 --> 02:53:59.750
We really -- I'm asking that we
get some kind of analysis of

02:54:02.320 --> 02:54:04.320
what we are doing to reduce the

02:54:04.522 --> 02:54:06.522
transference of communicable

02:54:07.250 --> 02:54:09.626
diseases and what if any -- I
don't know that's why I'm asking

02:54:10.950 --> 02:54:12.950
Mr. Chairman, what are the role

02:54:13.398 --> 02:54:15.398
of needles and how they play

02:54:18.337 --> 02:54:21.500
into that. This needle exchange
issue, a real understanding of

02:54:23.542 --> 02:54:26.443
how it plays into the public
health construction. I'm not an

02:54:27.512 --> 02:54:30.381
expert. I have a feeling it has
something to do with it and I

02:54:31.751 --> 02:54:34.452
think that's why people support
exchange. If you can get one

02:54:36.550 --> 02:54:38.756
needle in exchange for 20 that's
why we have needles everywhere

02:54:40.592 --> 02:54:42.592
in our county. That is a public

02:54:44.396 --> 02:54:46.798
safety and a great danger in our
community.
>>sup. Andrew do, chair:

02:54:46.798 --> 02:54:48.532
supervisor bartlett.
>>sup. Lisa a. Bartlett: I

02:54:49.636 --> 02:54:51.770
think it's about my colleagues
we don't want sacramento telling

02:54:52.972 --> 02:54:54.972
us what to do and what not to

02:54:57.610 --> 02:54:59.610
do. The resolution is great but

02:54:59.612 --> 02:55:01.612
submit it with a letter stating

02:55:02.648 --> 02:55:04.648
why we are opposing public

02:55:04.650 --> 02:55:06.584
safety, public health
connections to homelessness and

02:55:07.554 --> 02:55:09.989
trying to get people off of
drugs I think it's important to

02:55:10.957 --> 02:55:12.957
spell all of that out in a

02:55:13.526 --> 02:55:15.526
letter so it's clearly

02:55:15.628 --> 02:55:17.628
understood why we're taking an

02:55:18.464 --> 02:55:20.499
opposed position on this item.
>>sup. Andrew do, chair: great

02:55:20.500 --> 02:55:22.667
thank you. Any opposition.
That item passes. I think we're

02:55:24.137 --> 02:55:27.730
on now -- there is no public
hearing. Closed session items.

02:55:27.908 --> 02:55:30.876
County counsel do you expect a
report out?
>>county counsel, leon page: we

02:55:31.711 --> 02:55:33.779
have a proposed settlement on
workers compensation case so

02:55:34.881 --> 02:55:37.783
there May be a report out on
that item.
>>sup. Andrew do, chair: so at

02:55:38.885 --> 02:55:40.885
this point, let's do this,

02:55:45.626 --> 02:55:47.894
please read the items first
Madam Clerk and call the

02:55:50.464 --> 02:55:52.464
speakers for the closed session

02:55:52.933 --> 02:55:55.100
items.
