In order to remain compliant with state tax laws, LightBox regularly reviews its sales by 'ship to' state, each state's updated requirements and its customers' resale certificates on file. This process can result in changes to the sales tax calculated on your invoice. The absence of sales tax on this invoice should not be interpreted as your sales tax obligation being satisfied. Please ensure that you have consulted with the taxing jurisdictions where our products are being used to understand your sales and use tax obligations.
