PETITION FOR CONDITIONAL EXCEPTION
(USE VARIANCE)
CITY OF HUNTINGTON BEACH, CALIFORNIA

(If extra space is needed for any item, use extra sheets and number paragraphs according to item letters and numbers.)

(A) OWNER: Dr. L. G. Nelson
ADDRESS: 115 Kings Place, Newport Beach

(B) THIS EXCEPTION IS REQUESTED TO PERMIT:

A sign at the front center of the property which indicates tenant's names and building name and address per enclosed drawings

(C) LEGAL DESCRIPTION OF PROPERTY WHICH CONDITIONAL EXCEPTION IS TO AFFECT:

Lot 5 and portion of Lot 4, Tract 405

(D) PRESENT ZONING OF SAID PROPERTY: C - 1

(E) PRESENT USE OF PROPERTY AND/OR BUILDINGS, IF ANY:

Medical and Professional Buildings

(F) BRIEF DESCRIPTION OF TYPE AND NUMBER OF BUILDINGS AND/OR STRUCTURES WHICH ARE TO BE LOCATED UPON SUCH PROPERTY. STATE FACTS ABOUT NEW CONSTRUCTION TO BE UNDERTAKEN AFTER CONDITIONAL EXCEPTION IS GRANTED. (If this item cannot be answered at this time, so state and give reasons.)

Property is composed of a one and a two story wood frame and concrete block buildings with large parking areas.

The new sign shall be constructed in accordance with approved variance, and is to be in keeping with type of building construction.

The sign is to be two faced lighted plastic, supported by two steel columns (23 ft. high and 10 ft. wide) per enclosed drawings, and is to be located at the front property line midway between side property lines per plot plan.

(G) THREE CONDITIONS JUSTIFYING SAID CONDITIONAL EXCEPTION:

1. The fact that exceptional or extraordinary conditions or circumstances are applicable to the property involved, or its intended use, which do not apply generally to the property in the same zone are explained as follows:

Basically, the area is one of agricultural usage. The pioneer nature of the building indicates a need for the proposed sign to distinguish it from other property.

Due to the function of the building, that of providing Medical and Professional services, and the required 50 ft. setback from Beach Blvd., the owner and tenants feel necessity of having a lighted sign at the front property line to indicate tenant names and address of building to the traffic on Beach Blvd.

2. That the preservation and enjoyment of one or more substantial property rights are dependent upon a variance is explained as follows:

A sign of the proportions and design shown is necessary to make full use of the property. Since the area is basically agricultural, a variance is necessary to allow owner to indicate the purpose of the building.

3. That the granting of said proposed variance will not be materially detrimental to the public welfare or injurious to the property of improvements in the district in which said property is located for the following reasons:

Owner feels that this sign will be an integral part of the building program and will enhance rather than be detrimental to the public interest. The sign is to be located a maximum distance from either side property line (128 ft.) and can only affect the owner's property.

(H) THIS APPLICATION IS ACCOMPANIED BY EIGHT (8) COPIES OF PLOT PLANS SHOWING THE PROPOSAL FOR WHICH VARIANCE IS FILED. EXPLAIN ANY SPECIAL MARKS OR COLORS USED ON PLOT PLANS.

That the applicant is willing and able to carry out the purposes for which the conditional exception is sought; that he will proceed to do so without unnecessary delay.
